SELECTMEN'S REPORT

Following a year of controversy over the reassessment of property; a year when tax bills were mailed late, property inventories were mailed late, roads were breaking up and in some instances collapsed, the Selectmen made several changes that brought order out of chaos.

A part-time assessor was hired to appraise all properties where an application for appeal was presented to the Selectmen. This work - a continuing project - resulted in correcting many property assessment disputes.

Derry Street was repaired following the Selectmen's request to the Budget Committee and the State Department of Revenue Administration for an emergency over-expenditure.

Sewer Contracts 1, 2, and 3 were essentially completed so that the main trunk line to the Nashua/Hudson Wastewater Treatment Plant was turned on. However, much clean-up work remains to be done. The Town retained monies appropriated for the contracts to assure this work will be done.

The last sewer contract, Contract #4, which provides for a pumping station, a seepage holding facility, and street extensions, is in the developmental stage.

The Hillsborough County Economic Development Committee approved the Hudson industrial sewer projects for inclusion on their plan. This establishes eligibility for a federal grant of two million dollars.

In response to a law suit filed against Hudson by Seward Construction, Co., Hudson's attorneys filed a countersuit for damages for noncompliance of compaction and other requirements of the contract.

Progress was seen in the development of the Circumferential Highway in the last year. Significant accomplishments were the selection of a consultant engineering firm to do the Environmental Impact Study and the placement of the highway project on the Regional TIP (Transportation Improvement Program). This results from hard work done by Hudson's Legislators, Selectmen, Engineer and Town manager. We must be vigilant in our pursuit of this project.

The Derry Street Project has gone through 50% of its engineering phase. This project uses "D" funds which are designated by the Federal Government as highway reconstruction aid. Three designs were presented to the Selectmen and discussed at several informational hearings by the State. Expected completion of this road is 1982. An important point here is that consideration for future growth is included in the design.

Other construction projects to be done this spring are the Flagstone Drive-Wason Road intersection with Lowell Road, drainage projects, and final sealing of the landfill site.

The Selectmen have decided to allow elderly housing with construction to begin during the next fiscal year.

A committee was formed to study the possible uses of the Capucian Brother's Friary. The acquisition of this property and building was defeated at October's Special Town Meeting, yielding the largest turnout of Hudson's residents. The question will appear again in March.

The addition of a Canine Corps has been instituted with the Police Department. Three Officers have donated their time and dogs which were schooled at the Massachusetts Training Academy. The people will have the opportunity to ratify the Corps by voting monies to continue this project at next Town Meeting.

George A. Arris, Chairman
Hudson Board of Selectmen

**ANNUAL TOWN MEETING
MARCH 24, 1979
HUDSON MEMORIAL SCHOOL**

Moderator Richard E. Dolbec called the meeting to order at 9:55 a.m. Former Selectman and Budget Committee member (present) L. Joseph Jacquet led in the Pledge to the Flag.

Frank Nutting Jr. asked for a moment of silence in memory of many deceased members of our community who had served over the years. In particular Frances Baker, Former town clerk and tax collector, Norbert Ledoux - former health officer, Marie Wallace - police dispatcher, Kenny Abbott - fireman, and Ralph Soney - budget committee member.

Sgt. Teichman was recognized for his several years of service as a police officer with a round of applause from the house. He is retiring this month.

Richard LeVasseur gave the Budget Committee report. He stated that the 10% that can be expended over the budget amount is: \$248,161.00.

Total budget	\$4,199,607.78	
Less bond issues	1,718,002.00	(Arts 1-2-3-13-25-26-27)
10%	\$ 248,161.00	

It was moved that if there were any fire calls that the articles pertaining to the fire department would be deferred until the chief and his firemen returned.

Mr. Arris moved that the next session of the 1979 Annual Town Meeting of the Town of Hudson be held Friday, March 30, 1979 at 7:30 p.m. at the Library Street School. Mr. Malouin seconded the motion and the motion carried.

The count of the people in attendance was taken at 10:10 a.m., and there were 95 people present — the smallest attendance ever recorded for a town meeting.

Article #1-2-3 be deferred until second session of meeting to be held Friday 3-30-79, was moved by Mr. Arris, to insure the legality for bonding. Mr. LeVasseur seconded.

Mr. Bednar moved that Articles #4-50 be taken up at the second session due to poor attendance and Mr. Skorko seconded.

Richard Mattson spoke on the motion feeling that some articles should be taken up at this time.

Mr. Bednar withdrew the motion but the moderator did not allow withdrawal, feeling it had been put to the house. The motion to postpone Articles #4-50 was lost.

The motion for Articles #1-2-3 be taken up Friday 3-30-79 carried.

Mr. George Arris moved that the first order of business for the 2nd session of the 1979 Annual Town Meeting for the town of Hudson to be held Friday, March 30, 1979 at 7:30 p.m. be Articles 1, 2, and 3 respectively. Seconded by Mr. Malouin.

Mr. LeVasseur moved to defer any action on Article #4 until the end of the meeting, seconded by Mr. Ralph Pearce. The motion carried.

Article #5 — Mr. LeVasseur moved for its adoption and seconded by Mr. Arris. **Article #5 was adopted.**

Article #6 — Mr. LeVasseur moved its adoption and seconded by Mr. Malouin. **Article #6 was adopted.**

Article #7 — Mr. Lawrence moved for its adoption and motion seconded by Mr. Arris. Mr. Lawrence amended by striking out entire article and insert in its place "To see if the Town will vote to authorize and empower the selectmen to sell and convey at public auction or sealed bid any or all real estate acquired by the Town of Hudson for unpaid taxes, except that the former owner or the heirs have prior rights to redeem the property at such price as the Selectmen may deem appropriate but not less than all taxes, interest and costs accrued to date at the time of the announced sale." This motion seconded by Mr. Jacquet. Mr. Bednar spoke against the amendment and offered a letter from Atty. Currier and he also asked for a secret ballot on this amendment.

Mr. Fidele Bernasconi moved the previous question as much discussion carried and Mr. Wristen seconded this motion.

At 11:05 a.m. a recess was called as there was a challenged voter wanting admittance to the hall. Mr. Bednar challenged. The meeting was called back to order at 11:10 a.m., as the challenged voter did not gain admittance.

Motion to move previous question on the floor, $\frac{2}{3}$ vote required. Vote taken YES 91 NO 11. The motion to move the question carried.

Secret ballot on Amendment to Article #7 taken at 11:20 a.m. YES 99 NO 21 Amendment carried.

Article #7 as amended was adopted.

Mr. William Irwin moved to take up Article #46 at this time and the motion carried. Mr. Lawrence moved to lay Article #46 on the table. Mr. Arris and Mr. Jacquet second the motion. **Article #46 was tabled.**

Article #8 — Mr. LeVasseur moved its adoption and Mr. Pearce seconded.

Article #8 was adopted.

Article #9 — Mr. Malouin moved its adoption and Mr. Pearce seconded. **Article #9 was adopted.**

Article #10 — Mr. Malouin moved its adoption and Mr. Wristen seconded. **Article #10 was adopted.**

Article #11 — Mr. LeVasseur moved its adoption and Mr. Miles and Mr. Pearce seconded the motion and **Article #11 was adopted.**

Article #12 — Mr. LeVasseur moved its adoption and Mr. Arris seconded. **Article #12 was adopted.**

Article #13 — Mr. LeVasseur moved its adoption and Mr. John Miles and Mr. Malouin seconded the motion. Mr. LeVasseur amended by placing a (.) after the words 'in the best interest of the town.' and deleting the balance of the article. Mr. Quinn seconded the motion, and the amendment carried. A $\frac{2}{3}$ vote required on Article #13 as amended. YES 109 NO 3. **Article #13 as amended was adopted.**

Article #14 — Mr. LeVasseur moved its adoption and Mr. Breton and Mr. Nutting seconded. Mr. LeVasseur amended by changing '10,000' to '8,000' and changing '12,000' to '10,000'. Mr. Breton seconded and the amendment carried. **Article #14 as amended was adopted.**

Article #15 — Judy Jacquet moved for its adoption and Mr. John Eagar and Miss Ducharme seconded the motion and **Article #15 was adopted.**

Article #16 — Mr. LeVasseur moved its adoption and Mr. Arris seconded the motion. Mrs. Gail Morrison amended by striking out 'and Election of Officers'. Mr. Arris seconded. The amendment was lost.

Article #16 as written on the floor and discussion carried. Mr. Arris moved the previous question and Mr. Donald Shepard seconded the motion. A $\frac{2}{3}$ voice vote needed was taken and the chair stated we had the required $\frac{2}{3}$. The Question was moved. Mr. Bednar requested a secret ballot and at 12:15 p.m., it was taken on Article #16 as written.

One voter spoiled his ballot and he was issued a new one under the moderator's direction. Balloting on this article closed at 12:17 p.m.

Article #17 — Mr. LeVasseur moved its adoption and Mr. Miles seconded. Mr. LeVasseur amended by changing '21,000' to '27,166' and Mr. Miles seconded and the amendment carried. Mr. LeVasseur amended further by striking the word 'plus' and adding 'to include' before the word 'money'. Mr. Lawrence seconded this motion and the amendment carried. **Article #17 as amended was adopted.**

Balloting results on Article #16 as written YES 37 NO 101. **Article #16 was lost.**

Article #18 — Mr. Arris moved for its adoption and Mr. Ralph Pearce seconded the motion and **Article #18 was lost.**

Mr. Donald Shepard moved to recess for 15 mins. at 12:39 p.m. and this motion was seconded by Mr. John Eagar, and the motion carried. The meeting was called back to order at 1 p.m. by Moderator Richard Dolbec.

Article #19 — Mr. LeVasseur moved its adoption and Mr. Pearce seconded. Mr. Lawrence amended by striking entire article and inserting in its place 'To see if the Town will vote to establish a data processing steering committee to oversee the present and future data processing needs for the town. Said steering committee shall consist of one selectman, the Treasurer, Tax Collector-Town Clerk, a member of the Budget Committee, and four members from the general public knowledgeable in data processing. The four are to be selected by the remaining members of the steering committee, and to authorize the selectmen, with the advice of the steering committee, to execute data processing contracts as required, and to accept any and all gifts, grants, etc. from private and public sources.' Mr. Joseph Jacquet seconded the motion. Mr. Bednar amended further by striking out 'to accept any and all gifts, grants, etc. from private or public sources.' Further amendment was lost. Mr. Lawrence's amendment carried. **Article #19 as amended was adopted.**

Mr. Lawrence moved to take up Article #32 at this time and seconded by Mr. LeVasseur. Mr. Lawrence made the motion to lay Article #32 on the table and Mr. Shepard seconded the motion. **Article #32 was tabled.**

Article #20 — Mr. Arris moved for its adoption and Mr. Shepard seconded. Mr. Arris amended by changing 're-activate the dump' to 'appoint a refuge' Mr. Jacquet seconded the motion and the amendment carried. **Article #20 as amended was adopted.**

Article #21 — Mr. Nutting moved its adoption and Gail Morrison seconded. Mr. Nutting asked for a leave of the house to permit the Road Agent to speak as he is a non-resident. Mr. Pearce seconded the motion. Mr. Hogan was permitted to speak on his articles. Mr. LeVasseur amended by changing 'feasibility' to 'necessity' and after the word 'garage' add 'and equipment'. The amendment carried. Priscilla Bernasconi amended further by adding 'no later than 60 days prior to March 1980 town meeting'. Mr. LaVasseur seconded the motion. **Article #21 as amended was adopted.**

Article #22 — Mr. Eagar moved for its adoption and Mr. Pearce seconded. Al Blue amended by adding the words 'the now current' before the word 'minimum'. Mr. Shepard seconded. The amendment was lost. **Article #22 as written was adopted unanimously.**

Article #23 — Mr. LeVasseur moved its adoption and Mr. Pearce seconded. Mr. LeVasseur amended by changing '65,000' to '68,608,. Mr. Miles seconded the motion and the amendment carried. **Article #23 as amended was adopted.**

Article #24 — Mr. Nutting moved its adoption and Mr. Leonard Smith seconded. Mr. Smith amended by asking that the monies be taken out of the Engineers budget as stated below the article as an informational note. This amendment was not permitted as it had to do with budget and not the wording of this article. **Article #24 as written was adopted.**

Article #25 — Mr. LeVasseur moved for its adoption and Mr. Breton seconded. Mr. LeVasseur amended by striking out entire article and inserting 'To see if the Town will vote to authorize the purchase of one new plow truck chassis to replace one 1964 Mack still in service and to appropriate a sum not to exceed \$29,000. for this purpose. Said sum if necessary to be raised by the issuance of serial bonds or notes under, and in compliance with the provisions of the Municipal Finance Act, New Hampshire RSA Chapter 33:1, as amended, and to authorize the Selectmen to issue and negotiate such bonds or notes, and to determine the rate of interest thereon, and to take such other actions as may be necessary to effect the issuance, negotiation, sale and delivery of such bonds or notes, as shall be in the best interest of the Town to be applied to same.' The amendment carried and **Article #25 as amended was adopted unanimously.**

Article #26 — Mr. LeVasseur moved its adoption and Mr. Breton seconded. LeVasseur amended by changing the words 'two' to 'one new plow and dump body' and changing '29,000' to '14,500' and deleting 'and/or authorized funds from the Revenue Sharing to be applied to same'. Mr. Breton seconded and the amendment carried. **Article #26 as amended was adopted. It was a unanimous vote.**

At 2:25 p.m. a (5) minute recess was called and the meeting was called back to order at 2:30 p.m.

Chairman Arris asked for leave of the house to permit the town engineer to speak on his articles as he is a non-resident. Mr. John Miles seconded this motion, and the engineer was permitted to speak.

Article #27 — Mr. LeVasseur moved for its adoption and Mr. Arris seconded the motion. Mr. LeVasseur amended by changing '50,000' to '40,000' (in two places) and 'five (5)' to 'four (4)'. Mr. Piper seconded the motion. There was much discussion; Mrs. Appller, Mrs. Oberg, both from the Conservation Commission and Mr. Leonard Smith spoke. The amendment was lost.

Mr. Frank Nutting amended by striking out entire article and inserting 'To see if the Town will vote to purchase for the sum of \$40,000 two (2) parcels of land between Maple Ave. and the Merrimack River, containing approximately 8¾ acres, from Frank A. Nutting Jr. and Rosamond Nutting, to be named "Merrill Park"; and to authorize the Conservation Commission, under RSA 36-A to apply for, accept and expend Federal Land and Water Conservation Funds in an amount to be determined by appraisal*to reduce the total cost to the town.' This amendment carried and **Article #27 as amended was adopted.**

Article #28 — Mr. LeVasseur moved its adoption and Mr. Malouin seconded. Mr. LeVasseur amended by changing '68,276' to '68,676' to include a raise for the town treasurer. Mr. Malouin seconded the motion. Judy Boska amended further to change the '68,676' to '72,176' to include the treasurer and the Library personnel. Mr. William Irwin seconded this motion. Question now on Mrs. Boska's amendment. The amendment carried. Mr. Frank Nutting amended by changing '72,176' to '88,676'. This increase was due to the following breakdown — 7000 Fire Dept., 8000 Police Dept., and 1500 Retirement = total 16,500. Safety services increases, fire and police effective Jan. 11, 1980. This motion was seconded by John Abbott. Mr. Bednar asked for a secret ballot on this motion and much discussion carried. Mr. Arris, Mr. LeVasseur, Mr. Nutting, Robert Default, Shawn Jasper, Ed Palladino and Roger Boucher spoke on this motion. Secret ballot taken at 4:09 p.m. YES 92 NO 72. The amendment carried. **Article #28 as amended was adopted.**

Mr. Arris made the motion to take up Articles #37, 38, 39, 47 concurrently at this time. Mr. LeVasseur seconded this motion. This motion carried.

Article #37 — Mr. Arris moved that it be tabled. Mr. LeVasseur and Mr. Lawrence second the motion. **Article #37 was tabled.**

Article #38 — Mr. Arris moved to table this article and Mr. Lawrence and Mr. Pearce second the motion and **Article #38 was tabled.**

Article #39 — Mr. Arris moved to table and Mr. Pearce and Mr. Shepard second and **Article #39 was tabled.**

Article #47 — Mr. Arris moved to table this article and Mr. Pearce seconded and **Article #47 was tabled.**

Article #29 — Mr. LeVasseur moved its adoption and Mr. Malouin seconded. Mr. LeVasseur amended by changing '58,954' Hydrant Rental to '118,954'. Mr. Lawrence seconded this motion. The amendment carried and **Article #29 as amended was adopted.**

Article #35 — Mr. Shepard moved to take up this article at this time. Mr. John Eagar seconded the motion and the motion carried.

Article #35 — Mr. Donald Shepard moved its adoption and Mr. Eagar seconded. John Beaumont amended by adding 'and a screening committee of four citizens be formed by the Selectmen for the purpose of aiding the selectmen in screening candidates for Hudson Town Manager. This committee is to be formed before April 15, 1979.' Mr. Arris, Mr. Shepard and Mr. Eagar second. Mr. Renzullo amended further by

giving a time limit of 60 days to form this screening committee, but there was no second to this motion. The amendment carried. Mr. Arris amended by changing '24,000' to '27,359' and adding the words 'and benefits' after the word salary. Mr. Lawrence seconded the motion and the amendment carried. Article #35 as amended was adopted.

Mr. Blue made the motion to adjourn to Friday 3/30/79, but there was no second.

Article #30 — Mr. Malouin moved for its adoption and Mr. LeVasseur seconded. Mr. Renzullo would like to cover the (9) parts of this article individually. Mr. Harry Piper spoke on the article feeling there should be a study committee formed to go over this article and much discussion carried. Mr. Nutting amended by deleting the words after corporation in Item #1 and placing a (.) after that word. Mr. Bednar seconded, but the amendment was lost. John Abbott amended by striking entire article and inserting in its place 'To see if the town will refer Article 30 to a study committee consisting of (5) people appointed by the selectmen for further study and report results in time for the 1980 Annual Town Meeting.' Fidele Bernasconi, Roger Boucher and several others seconded this motion. Mr. Nutting amended further by changing '1980 annual' to 'next'. Mr. LeVasseur seconded the motion and the amendment carried. **Article #30 as amended was adopted.**

Mr. Ralph Pearce made the motion to adjourn until 7:30 p.m. and the motion was seconded by Mr. Blue. Discussion carried on this motion and then Mr. Pearce changed the motion to a 15 minute recess. The recess was called at 6:09 p.m.

The meeting was called back to order at 6:35 p.m. The motion on the floor was the motion to adjourn until 7:30 p.m. which was lost.

Mr. Malouin moved to postpone indefinitely all the motions on the articles that were tabled and seconded and this motion carried.

Article #34 — John Abbott moved its adoption and Mr. Nutting seconded. Richard Millard amended by placing a (.) after the word 'business' and deleting the balance of the article. Mr. Nutting and Mr. LeVasseur second. The amendment carried and Article #34 as amended was adopted.

Mr. Arris moved that Articles #40 and #41 be taken up at second session of annual town meeting. John Lawrence seconded and this motion to postpone carried.

Mr. John Eagar wanted to take up Articles #42, 43 and 45 together at this time, but the chair did not allow. Mr. LeVasseur moved to take up Articles #42, 43, 45, and 50 in this order and the house seconded this motion.

Article #42 — Mr. Nutting moved its adoption and Mr. Malouin seconded, but **Article #42 was lost.**

Article #43 — Mr. Malouin moved its adoption and Mr. Nutting seconded. Mr. Malouin amended by placing a (.) after the word 'Town' in the last sentence and deleting the balance of the article. Seconded by Mr. LeVasseur and the amendment carried. A $\frac{2}{3}$ vote required for bond issue. Mr. Nutting and Mr. LeVasseur spoke on this article. The house has permitted Al Hogan the road agent to speak on the articles pertaining to his department. Vote taken YES 61 NO 22. It was stated that the $\frac{2}{3}$ vote was

achieved and the **Article #43 as amended was adopted**. The motion to take up Articles #45 and then 50 was never acted upon and the house now moved to take them up at this time.

Article #45 — Mr. Arris moved to postpone this article indefinitely. Mr. LeVasseur seconded and **Article #45 was indefinitely postponed**.

Article #50 — Mr. Arris moved to indefinitely postpone and Mr. Wristen seconded and **Article #50 was indefinitely postponed**.

Article #44 — Mr. Lawrence moved for its adoption and Mr. John Abbott and Dick Millard second. Mr. Lawrence amended by striking the article in its entirety and inserting in its place. — ‘To see if the Town will vote to authorize the Town Clerk/Tax Collector to hire all required clerical personnel and their rates of pay shall be at the Town Clerk/Tax Collector’s discretion. Such clerical personnel including the Town Clerk/Tax Collector shall be placed on the Town payroll and be entitled to all fringe benefits granted to other town clerical employees. Any raises granted to this personnel will be in accordance with the guidelines voted for other clerical town employees.’ Mr. Wristen seconded the motion and the amendment carried. **Article #44 as amended was adopted**.

Article #48 — Mr. Arris moved its adoption and Mr. LeVasseur seconded. Leonard Smith moved to lay this article on the table. John Beaumont seconded this motion and the motion carried. **Article #48 was tabled**.

Article #49 — Mr. Frank Nutting moved for its adoption and seconded by Mr. Arris. Mr. Len Smith spoke on the article. It was stated that this article was submitted by petition as it was not indicated in the warrant how it was submitted. Mr. John Miles amended by changing ‘1977’ to ‘1976’ and seconded by Joseph Jacquet. Mr. LeVasseur amended by striking out entire article and inserting in its place — ‘To see if the Town will vote to amend Article 28 as adopted at the March 1976 Town Meeting by eliminating the maximum rate of pay of the Town Engineer’. Mr. Arris and Mr. Lawrence second and this amendment carried. **Article #49 as amended was adopted**.

Mr. Nutting moved to reconsider its action on all articles taken up today excluding Arts. #1-2-3-40-41-48, seconded by Mr. John Lawrence and Mr. Arris.

Mr. LeVasseur moved to adjourn until 7:30 p.m. on March 30, 1979 at Library Street School. The motion to adjourn carried and was seconded by Mr. Eagar. The meeting was adjourned at 7:56 p.m.

**ANNUAL TOWN MEETING
SECOND SESSION — MARCH 30, 1979
LIBRARY STREET SCHOOL**

Moderator Richard E. Dolbec called the meeting to order at 7:32 p.m. George Arris moved that Al Hogan, Road Agent, and Robert Perreault, Town Engineer, should take part in the meeting to speak on the articles having to do with their departments, as they are non-residents. The motion seconded by Mr. LeVasseur and the motion carried.

William Irwin questioned as to the effect the monies spent will have on the tax rate. At this time there was no way of estimating the tax rate.

10% of budget figure that can be expended	\$248,161.
Spent at the 1st session of meeting	<u>99,759.</u>
Balance left that can be expended	\$148,402.

It was stated that there wasn't enough monies left in this 10% over-expenditure amount to cover the bond articles to be voted upon.

Article #1 — Mr. Arris moved for its adoption and Mr. LeVasseur seconded. Mr. Arris amended by striking entire article and inserting in its place. 'To see if the Town will vote to raise and appropriate the sum of \$2,099,000.00 for the purpose of constructing sewerage facilities which are requirements contained in the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251 et seq.) and will qualify the Town for Federal Funds, such sum to be raised by the issuance of Serial Bonds or Notes not to exceed \$2,099,000.00 under, and in compliance with, the provisions of the Municipal Finance Act (N.H. RSA 33:1 et seq., as amended); to authorize Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon, and to take such other actions as may be necessary to effect the issuance, negotiation, sale and delivery of such bonds or notes as shall be in the best interest of the Town of Hudson; and to authorize the Selectmen to enter into contracts or agreements with industries or industrial parks which will provide for payment to the Town by each such industry or industrial park for the cost of extending sewer lines to, or providing sewerage facilities for, the industry or industrial park; and to allow the Selectmen to expend such monies as become available from the Federal Government under the Financial Assistance Program of the Construction Grants section of the Federal Water Control Act, as amended (33 U.S.C. 1251 et seq.); or to take any other action relative thereto.' Mr. Lawrence and Mr. Leonard Smith seconded the motion. It was stated that the monies to be recovered would be \$160,000. from Industrial Park and \$280,000. from Centronics. The Town Engineer made available hand-outs that outlined the details of the bond articles, and he also explained the article. It was stated that Atty. Currier wrote the amendment. Much discussion carried. Mr. John Lawrence amended further by inserting after the word 'agreements' the words 'for the actual costs'. Mr. Bednar and Mr. Arris seconded. The amendment was adopted. It was stated that \$1,593,000. was not mandated by the state. The Town Meeting will have to be legalized, as is provided in Chapter 32 paragraph A, through the legislature. Mr. LeVasseur amended further by adding at the end of article 'Said sums to be paid for by the users'. Mr. Edward Simpson seconded. Much discussion carried. A concern was raised as to who would bear the cost of the sewer. Answer — (the users).

Mr. Simpson moved the previous question and motion seconded by Mr. LeVasseur. A $\frac{2}{3}$ vote required on this motion and the vote was unanimous and the motion carried.

Voice count taken on the amendment was in doubt so the house divided. Having been YES 79 NO 66 — The amendment carried. The amendment as amended, on the floor at this time, and Mr. Bednar amended by changing the word ‘authorize’ to ‘direct’ after the wording ‘in the best interest of the Town of Hudson; and to direct the Selectmen’. Mr. Simpson and Mr. Gravelle seconded the motion and the amendment carried. Mr. Edward Simpson amended by changing ‘2,099,000.00’ to ‘946,000.’ and the amendment was seconded by Mr. Wristen. Several spoke on this article: Clinton Weaver, Paul Caron, William Irwin, Lenny Smith, Harry Piper, John Eagar, Eleanor Cropley, Mrs. Sturtevant, Marion Despres and Margaret Erb. Mr. William Irwin moved the previous question and Mr. LeVasseur seconded. A $\frac{2}{3}$ vote required and the vote was unanimous. Voice vote taken on changing the figure to ‘946,000.’ was lost. The amendment as amended carried. A $\frac{2}{3}$ vote required on this bond issue and the voting will be conducted for 1 hour. Article #1 as amended, now on the floor, and Mr. Paul Caron amended by deleting ‘sewerage facilities’ and reduced the amount by \$100,000. Mr. Edward Simpson seconded, but this amendment was lost. Mr. Wristen moved the previous question and several seconded this motion and the motion carried. At 10:14 p.m. the balloting on Article #1 as amended was opened.

The Chair suspended the rules by allowing another question to be taken up while a previous article was still on the floor.

Article #2 — Mr. Malouin moved its adoption and Mr. Simpson and Mr. LeVasseur seconded. Polls opened at 10:43 p.m. on Article #2 as written.

Article #3 — Mr. LeVasseur moved to table and Mr. Eagar seconded but the motion was lost. Mr. Kenneth Clark moved to indefinitely postpone and Mr. Eagar and Mr. Weaver seconded. **Article #3 was indefinitely postponed.**

John Lawrence pointed out that in Article #1 that exceeding the 10% over-expenditure was a technicality for the amount should have been included for the Federal and State shares, and if these amounts were submitted correctly the budget committee would have approved them.

Article #48 — Mr. Arris moved to remove this article from the table and Mr. LeVasseur seconded the motion.

Joseph Jacquet moved to close the polls on Article #1 as amended and seconded by several and at 11:19 p.m. the polls closed.

On the motion to remove Article #48 from the table the Chair stated that the house was in doubt so the house divided. Standing count taken YES 74 NO 24 and Article #48 was removed from the table.

Article #48 — Mr. Arris moved for its adoption and Mr. Eagar seconded. Mr. Eagar amended by striking ‘to raise and appropriate 35,000.’ from this article and this motion seconded by Mr. Arris. He amended further by adding the words after the word ‘projects’ ‘money to cover the expenditures in this article are included in account 406 in the amount of \$50,000.’ and to add ‘F-School Street project,’ and ‘G-Nevens Street project’. This motion seconded by Joan Rohr and Mrs. Sturtevant amended further by adding ‘H-Phillips Drive’ and this motion seconded by Brian Tyler, and the further amendments carried. Article #48 as amended was on the floor at this time. Voice count taken and the house was divided. Standing count taken YES 56 NO 41 **Article #48 as amended was adopted.**

State of Ballot on Article #1 as amended YES 132 NO 17 **Article #1 as amended was adopted.**

Article #40 and #41 — Mr. Harry Piper moved to indefinitely postpone and motion seconded by Mr. Arris. **Article #40 and #41 were indefinitely postponed.** Mr. Malouin announced hearing on bond issue to be held April 10th and April 19th, at Hudson Memorial School.

Mr. Wristen questioned the previous Board of Selectmen as to why they did not initiate suit against Seaward and why they did not send a letter to legislature on the resolution on CWIP. These were two motions that were adopted at the March 1978 town meeting. Mr. Malouin and Mr. Arris spoke on the board's actions. Mr. Wristen objected to the fact that there was no mention of the board's actions on these two issues in the selectmen's report.

Mr. Jacquet moved to close the polls on Article #2 as written and motion was seconded by Mr. Eagar and the polls closed at 11:45 p.m.

Moderator Dolbec stated that members of town committees wishing to serve on the Charter Commission should send letters to either the Moderator or the Selectmen or both.

William Irwin offered a resolution to direct the Budget Committee and the Selectmen to advise the departments to curtail spending. Mr. Malouin seconded and there was a tie vote on this resolution.

State of the Ballot on Article #2 as written YES 119 NO 9 **Article #2 as written was adopted.**

Article #4 — Mr. LeVasseur moved the article be adopted in the amount of \$5,412,616.78. Mr. Ralph Pearce seconded the motion. Mr. Lawrence amended by adding '45,000.' for Account 305 Sewerage Treatment, because we must pay Nashua for this service. The amendment carried and Article #4 was adopted in the amount of **\$5,457,616.78.**

Mr. LeVasseur moved to adjourn and Mr. Edward Simpson seconded. The motion carried and the meeting adjourned without day at midnight.

Karen R. Wisnosky, Clerk

true copy Attest: Karen R. Wisnosky

**SPECIAL TOWN MEETING
OCTOBER 19, 1979
HUDSON MEMORIAL SCHOOL**

The meeting was called to order at 8 p.m. by Karen R. Wisnosky, Town Clerk, at which time Norwood Keeney, chairman of the Supervisors of the Checklist, was called forward. Mr. Keeney states that the checklist supervisors appointed Peter Dolloff, as Moderator pro tem, to serve due to the absence of Moderator Dolbec. Mr. Dolloff is sworn in as Moderator pro tem before the house by Mrs. Wisnosky, town clerk.

Donald Shepard moves to recess for 10 mins. and Richard LeVasseur seconds the motion, and the motion carried. The recess is called due to a capacity crowd still entering the hall and the adjacent hall (cafeteria) is being set up to accommodate the people.

Peter Dolloff calls the meeting back to order at 8:25 p.m. Officer James Smith leads in the Pledge to the Flag. Rev. Strosahl was not on hand to give the invocation.

Moderator pro tem, Mr. Dolloff, gives the rules to be followed during the meeting limiting speaking to 3 mins. per person, and a person can not speak twice if someone wishes to speak for the first time. He also read the court decree authorizing the urgency for this special meeting. He reads the town warrant stating the purpose for this meeting.

John Lawrence moves to delay further reading of the warrant and to take up each article individually and read them at that time. This motion carries.

Article #1 — Leon Malouin moves its adoption and Richard LeVasseur seconds. Don Shepard offers an amendment by deleting the article in its entirety and inserting in its place —

To see if the Town will vote to raise and appropriate the sum of TWO MILLION EIGHT HUNDRED THOUSAND (\$2,800,000.00) DOLLARS to be used for the purchase of approximately one hundred seventy-five acres of land, with the building thereon, on the Lowell Road, Hudson, New Hampshire, THREE HUNDRED THOUSAND (\$300,000.00) DOLLARS of which will be used to design and perform renovations and improvements to the building on said land and for operating costs, said sum, if necessary, to be raised by the issuance of serial bonds or notes under and in compliance with the provisions of the Municipal Finance Act, RSA, Chapter 31, as amended; and to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon and to take such other action as may be necessary and proper to effect the issuance, negotiation, sale and delivery of such bonds or notes as shall be in the best interest of the Town of Hudson; and to authorize the Selectmen to apply for, accept and expend such federal funds or grants as may be available from the Land and Water Conservation Fund or from any other federal agencies or programs, and such state or private grants or funds as may be available for the purchase of said real estate, utilizing any such grants or funds to reduce the funds to be raised and appropriated hereunder as may be determined by the Selectmen; or to take any other action relative thereto.

Mr. LeVasseur seconds the motion. Don Shepard speaks in favor of the amendment and the purchase of the friary located on Lowell Road, and he gives a report of facts and figures on the building.

Harry Piper questions Don Shepard and the Board of Selectmen. Marion Despres, Friary Study Committee member, speaks on the amendment expressing the need to purchase.

Lionel Boucher asks for a point of order, requesting that the speaker stay germane to the amendment.

Mr. George Arris makes a motion to move the question and Donald Shepard seconds. Voice vote taken and the motion to move question carries. Amendment now on the floor. Voice vote taken and the amendment carries.

Article #1 as amended on the floor. There is a capacity crowd in attendance approx. 1100 people. Mr. Arris reads a letter from the Capuchin fathers stating the first right of refusal.

Harry Piper speaks against the purchase and reads letter dated 9-79 from Capuchin fathers which states that there is no commitment made on the purchase to anyone. These two letters seem to be conflicting.

William Pointer speaks against the purchase along with Gordon Tate, Joseph Sarno, Lionel Boucher, and Mr. Bolduc questions Mr. Shepard. Speaking in favor, Earl Whitaker, Mrs. Glastetter, Mr. Renzullo, sounding board member, Mr. McDonough, Roger Jette, Jerry Lee, Margaret Erb, Ralph Burgess.

Mr. LeVasseur asks for a point of order, requesting to hear from the study committee who haven't spoken.

Mr. Laffin, study committee member, speaks on the purchase.

John Lawrence amends further by adding to the end of Article #1 as amended "And that a committee of 10 persons knowledgeable in construction and buildings be appointed by the moderator and the selectmen within 30 days to determine the best uses of the Friary building which shall be in the best interest of the Town. The findings and recommendations to be presented at the 1980 Annual town meeting." Mr. Lou Vaillancourt seconds the motion. Mr. Lawrence withdraws his amendment, because Atty. Currier, town counsel, present at this meeting feels that it might jeopardize bonding. Mr. Vaillancourt withdraws his second.

Mr. William McMahon speaks in length against the purchase of the property. Don Shepard amends further by changing "Chapter 31" to "Chapter 33" due to a typographical error on the warrant. This motion is seconded by several. Mr. Arris makes the motion to move the previous question and Mr. LeVasseur seconds. Vote now on moving the question, and the question is moved.

Moderator asks that the ballot clerks come forward to be sworn in for the counting of the ballots. A $\frac{2}{3}$ majority vote is required for the article to carry. The polls open at 10:35 p.m. on Article #1 as amended and the meeting is recessed while voters go through the checklist. The Moderator pro tem calls the meeting back to order at 11:25 p.m.

It is announced that a petition on the circumferential highway will be circulated in the hallways. The meeting is now in order and Mr. John Eagar moves to take up Article #3 at this time and pass over Article #2. John Lawrence seconds the motion. Mr. Malouin moves to indefinitely postpone any action on Article #3, and Mr. LeVasseur seconds. Mr. Eagar makes a motion to move the previous question, Mr. Hetzer seconds. Voice vote to indefinitely postpone Article #3 carries.

Article #4 — Mr. LeVasseur moves to postpone any action on this article and Mr. Wristen seconds the motion. Mr. LeVasseur makes the motion to move the previous question and Mr. Hetzer seconds the motion and the motion is lost.

The motion to postpone now on the floor; motion to postpone is lost. Mr. Arris moves to adopt Article #4 and John Lawrence seconds.

Mr. Jacquet moves that the polls be closed on Article #1 as amended and Mr. Malouin seconds this motion, and the polls are officially closed at 11:41 p.m. The polls were open in excess of one hour. **Article #4 is adopted** by voice vote.

Mr. Eagar moves to recess until the votes are counted on Article #1, Mr. Pearce seconds. Mr. Wristen speaks on the motion to recess and Mr. Lawrence speaks against the motion, feeling that the crowd would dwindle before action on the other articles can be taken up. The motion to recess is lost.

Article #2 — Mr. LeVasseur moves to adopt and Mr. Arris seconds this motion. Article #2 is adopted.

Mr. Lawrence offers a resolution as follows: "That a committee of 10 persons knowledgeable in construction and building be appointed by the moderator and the selectmen within 30 days to determine the best uses of the Friary building which shall be in the best interest of the Town. The findings and recommendations to be presented at the 1980 Annual Town Meeting." Mr. Richard LeVasseur seconds this motion and the resolution carries. It is adopted. At 12 midnight, a recess is called until ballot counting is completed on Article #1 as amended.

The meeting is called back to order at 12:02 a.m. to announce the state of the ballot on Article #1.

Ballots cast: 954

The total number of Yes votes needed to acquire the $\frac{2}{3}$ majority is 636.

Yes	614	No	340
-----	-----	----	-----

Article #1 as amended is lost.

Mr. Gagliardi moves to adjourn the meeting and Mr. Eagar seconds the motion and the motion carries and the meeting adjourned without day at 12:03 a.m.

Karen R. Wisnosky, Town Clerk

A True copy attest: Karen R. Wisnosky

**ANNUAL TOWN ELECTION
MARCH 13, 1979
HUDSON LIONS CLUB**

Moderator Richard E. Dolbec declares the polls open at 7:00 a.m., to elect the town officers. The new electronic EVM voting machines are in operation. Hudson Junior Women's Club members are demonstrating the use of the voting machines just outside the polling area, so the voters will know how to operate them.

Some machines are found to be having problems. The moderator, a poll worker and a selectman are testing the units at 8 a.m. One unit is shut down at this time, as the mask on the unit was punched too high by EVM Co. and the holes do not line up properly. At 8:10 a.m., another machine is shut down. It is noted that the units do not have the interconnecting outlets as was ordered. At 8:20 a.m., two more units are shut down due to mispunched masks.

It is noted that the selectmen did not provide the American Flag or the State Flag for this election, as stated in RSA Chapter 59.

At 10:30 a.m. the moderator warns Mr. Bednar against politicking in the hall and once again at 11 a.m.

There are a number of complaints by voters because the town reports are not available, as should be provided 10 days prior to this meeting by the selectmen. This is default on the part of the selectmen.

At 2:40 p.m. an additional unit is shut down.

At 5 p.m. one more unit is removed, but another was replaced into the booth. There are five units down at the present time. Mask alignments are bad, the plexi-glass frame does not align well.

It is noted that on the checklist, Clinton Weaver, Jr. is listed as Clinton Weacer, Jr. in error.

At 7 p.m. Mr. Malouin moves to close the polls and Mr. Arris seconds the motion and the polls are closed at 7:04 p.m.

At 9:25 p.m. the moderator reads the state of the ballot. John P. Lawrence is elected as selectman with 1598 votes to unseat Mr. Bednar with 885 votes. Moderator swears in John Lawrence as selectman.

On March 14th at 8:15 p.m. the town clerk, Karen Wisnosky and moderator meet with Richard LeVasseur and John Miles, the (2) candidates who tied for the third position on the budget committee with 835 votes each, to toss a coin to determine the winner of the three year position as is provided in RSA 59:86. Mr. LeVasseur wins the toss and Mr. Miles is then appointed to serve out a one year term due to the resignation of Paul Madison who has recently been elected to the school board. The moderator swears the two candidates into office.

It is noted that on March 13th, the evening of the election the moderator also swears in John A. Eagar as trustee of the trust funds for the 3 year term and L. Joseph Jacquet as budget committee member for 3 yrs.

On March 16th the town clerk swears Margaret Erb in as budget committee member for 3 years.

SELECTMAN for three years	
JOHN M. BEDNAR	885
JOHN P. LAWRENCE (Elected)	1,598
TRUSTEE OF TRUST FUNDS for two years	
EDWARD P. CARTER (Elected)	1,381
CLARE W. DYNES	645
TRUSTEE OF TRUST FUNDS for three years	
JOHN A. EAGAR (Elected)	1,954
BUDGET COMMITTEE MEMBER for three years — Vote for three	
MARGARET J. ERB (Elected)	1,535
L. JOSEPH JACQUET (Elected)	1,299
JOHN F. LEGGETT	278
RICHARD D. LeVASSEUR (Tie)	835
JOHN MILES (Tie)	835
RALPH S. PEARCE	823
ANDREW RENZULLO	329
PAUL D. THORN	547
LIBRARY TRUSTEE for three years	
JUDITH BOSKA (Elected)	2,000

REFERENDUM QUESTIONS

QUESTION NO. 1:		
Are you in favor of increasing the Board of Selectmen to five members? Defeated		
YES	1,016	NO 1,321
QUESTION NO. TWO:		
Do you favor the adoption of the Town Manager plan as provided in Chapter 37 of the Revised Statutes Annotated? Adopted.		
YES	1,178	NO 1,030
QUESTION NO. THREE:		
Shall we adopt the provision of RSA 72:62 for a property tax exemption on real property equipped with a solar energy heating or cooling system which exemption shall be in amount equal to 100% of the cost of said system? (By petition) Defeated.		
YES	1,046	NO 1,158

ZONING REFERENDUM QUESTIONS

QUESTION NO. ONE:		
Are you in favor of the adoption of Amendment No. 1 as proposed by petition of the voters of this town? (By petition) (Approved by the Planning Board)		
DESCRIPTION: The proposed amendment would rezone the rear portions of the Jette and Chaplick properties and the Sojka property, adjacent to Atwood Ave. from the present RESIDENTIAL A-1 Zone to COMMERCIAL B-1 Zone. The area is bounded by Atwood Ave. and the land of the Capuchin Friary to the rear. Defeated.		
YES	887	NO 1,285

QUESTION NO. TWO:

Are you in favor of the adoption of Amendment No. 2 as proposed by petition of the voters for this town? (By petition) (Disapproved by the Planning Board)

DESCRIPTION: The proposed amendment changes from INDUSTRIAL C Zone to RESIDENTIAL A-2-Zone an area of land on the north side of and abutting Route 111.

Defeated.

YES 794

NO 1,337

QUESTION NO. THREE:

Are you in favor of the adoption of Amendment No. 3 proposed by petition of the voters for this town? (By petition) (Approved by the Planning Board)

DESCRIPTION: The proposed amendment allows the Planning Board to declare any wetland which is not now included on the map and to be placed on the map and treated as all other land zoned as wetlands in the Town of Hudson. Adopted.

YES 1,634

NO 581

QUESTION NO. FOUR:

Are you in favor of the adoption of amendment No. 4 as proposed by petition of the voters for this town? (By petition) (Disapproved by the Planning Board)

DESCRIPTION: The proposed amendment would rezone from RESIDENTIAL A-1 and RESIDENTIAL A-2 to BUSINESS B-2 an area from the center of Derry St., at the north-west corner of Alexander's Shopping Center south along the center of Derry St. to the center line of Ledge Road, a distance of approximately 2,000 ft., to a depth of 500 ft. perpendicular to the center line of Derry St. Defeated.

YES 890

NO 1,326

QUESTION NO. FIVE:

Are you in favor of the adoption of amendment No. 5 as proposed by petition of the voters for this town? (By petition) (Disapproved by the Planning Board)

DESCRIPTION: The proposed amendment would prohibit heavy trucks from parking or being stored in Residential Zoned areas. Adopted.

YES 1,363

NO 897

Karen R. Wisnosky, Clerk

A True copy attest: Karen R. Wisnosky

A CONFLICT OF INTEREST ORDINANCE FOR THE TOWN OF HUDSON

PREAMBLE:

BE IT ORDAINED BY the Board of Selectmen for the Town of Hudson, County of Hillsborough and the State of New Hampshire:

Whereas local government, in order to be truly effective, must have the respect and confidence of the people, and whereas conflicts of interest and/or the appearances thereof tend to undermine the peoples' respect and confidence in local government, this "Conflict of Interest" Ordinance is hereby adopted. The intent of this ordinance is to create standards of disclosure and standards of conduct for Town Officials and employees and to create a vehicle for removal of those individuals who should violate the tenets expressed herein.

SECTION I: PROHIBITED CONDUCT

It is a violation of this Ordinance for any member of the Town Government to:

- A. As a board member or in his official capacity, introduce, discuss, deliberate, approve or vote upon any matter in which he or she, or any member of his or her family, has an interest known to the said member.
 - 1. The foregoing sentence notwithstanding, the determination of the Town board members eligibility to introduce, discuss as a member, approve or vote pursuant to Section IA shall be made by a majority vote of a legal quorum of the members of the Board present at the time said introduction, approval or vote is about to occur, according to the following:
 - a) No member shall be allowed to vote on the question of his or her eligibility.
 - b) The question of eligibility must be addressed immediately upon being raised.
 - c) Standards of Eligibility — The Board shall make every effort to foster impartiality and the appearance thereof. Thus the standard is not whether a conflict of interest does exist but one of attempting to create the appearance of maximum impartiality.
- B. Knowingly use Town property or labor for personal use.
- C. Knowingly use Town property or labor to advance the political cause of any candidate for public office or any political party. Nothing in the foregoing sentence shall prevent political candidates or parties from holding public meetings on Town owned property or in Town owned buildings.
- D. Knowingly sell or enter into a contract to sell to the Town, or for a member of his or her family to sell to the Town, except by open competitive bidding, anything having a value in excess of \$200, unless approved at a Town Meeting by a majority of the voters present.

- E. Use any information acquired through or by virtue of his or her official position for his or her pecuniary benefit or for the pecuniary benefit of any other person or business. The foregoing does not apply to information available to the general public.
- F. Otherwise than as provided by law for the proper discharge of his or her official duties, to directly or indirectly request or receive any compensation from anyone other than the Town in relation to any particular matter in which the Town is a party or has a direct and substantial interest.
- G. Otherwise than as provided by law for the proper discharge of his official duties, to directly or indirectly promise or offer such compensation as referred to in Section I-F.
- H. Knowingly accept a gift, or allow acceptance of a gift by an immediate family member, from any individual, group, or corporation knowingly dealing with an area of Town Government in which the member has an interest or jurisdiction. The foregoing does not apply to gifts from family members.
- I. As either a board member or testifying party, knowingly enter into any discussion, testimony, or deliberation without first, publicly and for the record, stating all dealings, interests, relationships, and possible conflicts that may exist between the said member and his family, the principals, and the issue under deliberation, as may be known by the member.
- J. As a board member, to knowingly participate in the conduct of business of the board without deliberating all conflict of interest questions before the board.
- K. Knowingly give false information concerning dealings, interests, relationships and possible conflicts, to the various Supervisors, Boards, Commissions, Committees, and Board of Selectmen.
- L. Knowingly fail to co-operate with the Board of Selectmen or other investigating authority in the investigation of any complaint alleging a violation of the tenets of this ordinance.

SECTION II: COMPLAINT TO THE BOARD OF SELECTMEN

- A. The Complaint — Any individual, corporation or member of Town government may bring a complaint alleging or violation of this ordinance to the Board of Selectmen. The said complaint must be specific, in writing, dated, and signed.
- B. Timing — The Selectmen must issue a public report within thirty (30) days of receipt of the complaint.
- C. Selectmen's Prerogatives — Should the Board of Selectmen, after an investigation and review of the facts, find a member of the Town government to be in violation of the standards of conduct enumerated in this ordinance,
 - 1. Concerning those members of Town Government over whom the Board of Selectmen have direct or indirect appointive or supervisory authority, the Selectmen may:

- a) request the person's resignation and/or
 - b) summarily remove the person from his or her position and/or
 - c) publicly issue a letter of censure or
 - d) find the charges to be untrue and/or unable to be substantiated.
2. Concerning those members of Town government over whom they do not have appointive or supervisory authority, the Selectmen may:
- a) initiate legal proceedings in a court of competent jurisdiction to effect the removal of said member and/or
 - b) publicly issue a letter of censure or
 - c) find the charges to be untrue and/or unable to be substantiated.

SECTION III: JUDICIAL REMEDY

Any individual, corporation or member of Town government may initiate proceedings in a court of competent jurisdiction alleging a violation of this ordinance provided all remedies enumerated in Section II are exhausted or the charge is made against a member of the Board of Selectmen.

- A. Penalty — A Finding of a violation of this ordinance by a court of competent jurisdiction, shall constitute misconduct in office. The penalty for violation of this ordinance is dismissal or removal of the member of Town government from his or her position within said government and the immediate loss of all benefits pertaining thereto.

SECTION IV: BOARD REHEARINGS

If a Board Member, ineligible to vote under Section I does vote in a matter prohibited by Section I, the vote will not be rendered invalid except where the matter passed on the strength of the ineligible vote. Notwithstanding the foregoing sentence, no vote will be deemed invalid or relied upon in good faith by a third party who did not have actual knowledge of the members ineligibility, when he or she relied on the vote.

SECTION V:

If any provision contained in this ordinance is held to be invalid for any reason by a court of competent jurisdiction, such a holding shall not invalidate in any manner any other provision of this ordinance.

SECTION VI: DEFINITIONS

Member of Town Government: Any elected or appointed official, board member, or (Also referred to as "member") town employee, whether full or part time, permanent or temporary, including those employed by the Town and paid by federal or state assistance programs; including, but not limited to: Selectmen, Zoning Board Members, Budget Committee Members, Town Managers, Building Inspectors, Town Clerks, Treasurers, Policemen, Firemen, and Highway Department employees, etc.

Board:	Shall mean any Board, Committee, or Commission, permanent or special, established by the Town.
Family:	Shall include his or her spouse, parents, grandparents, children, grandchildren, brothers, sisters, aunts, uncles, nieces and nephews and the parents, grandparents, children, grandchildren, brothers, sisters, aunts, uncles, nieces and nephews of the member's spouse.
Interest:	<p>A. Any legal or equitable interest, whether or not subject to an encumbrance or a condition, which is owned or held, in whole or in part, jointly or severally, directly or indirectly, at any time, during the calendar year.</p> <p>B. An interest in: any stock or similar security, pre-organization certificate or subscription, investment contract, voting trust certificate, limited or general partnership or joint venture, business trust, or certificate of interest or participation in a joint profit-sharing agreement or in an oil, water, gas or other mineral royalty or lease; or any other equity interest however evidenced, which entitles the owner or holder thereof, directly or indirectly, to receive or direct any part of the profits from, or to exercise any part of the control over, a business entity, as well as any interest which, conditionally or unconditionally, with or without consideration, is convertible thereto;</p> <p>C. An interest in a note, bond, debenture or any other evidence of creditor interest.</p> <p>D. Ownership of land within 200 feet of any land being discussed.</p> <p>E. Acting as an agent or holding fiduciary interest.</p>
Compensation:	Any money, thing of value or economic benefit conferred on or received by any person in return for services rendered or to be rendered by himself or another.
Immediate Family:	The spouse, his or her parents, children, brothers and sisters, father-in-law and mother-in-law.
Competitive Bidding:	All bidding given and tendered to a Town agency in response to an open solicitation of bids by public announcement.
Pecuniary Benefit:	A benefit which relates to financial enrichment or the maintenance of a financial position.

SECTION VII: DECLARATORY PETITIONS

A. Any member of Town Government may petition the Board of Selectmen to make a ruling on a fact situation which may or may not constitute a conflict of interest.

A petition:

- 1. Must be in writing, signed and dated.
- 2. Must be presented at an open meeting.
- 3. If presented by a selectman, will be ruled upon by a committee consisting of the remaining selectmen and the moderator.
- 4. Must be submitted before a complaint has been filed under Sections II & III.

B. After appropriate investigation the selectmen shall, within 30 days and at a public meeting,

- 1. Determine that a conflict does not exist.
- 2. Determine that a conflict does exist. However, the value to the town is such as to warrant a special exception. This decision must be publicly reviewed yearly.
- 3. Determine that a conflict does exist and allow a reasonable time to correct the situation.

C. The member of town government shall be insulated from prosecution, concerning the fact situation enumerated in the petition, under Sections II & III, while the petition is being deliberated.

D. Sections II & III shall be inoperable relative to that member of town government and that specific fact situation should be selectmen's determination fall within Section VIII B(1) or VIII B(2).

SECTION VIII: This Ordinance shall become effective immediately upon its adoption.

OFFICE OF THE TOWN ENGINEER 1979 ANNUAL REPORT

1979 proved to be quite an active year for the Office of the Town Engineer, such activity being just another barometer of the Town's continuing growth.

The Circumferential Highway

As stated in my 1978 report, the Circumferential Highway remains foremost in importance to the future well-being of the Town. During 1979, the project continued its way through the "paperwork process" that, regardless of one's opinion, is necessary to complete if Hudson is ever to receive federal dollars for construction. Much of the year was spent in awaiting the New Hampshire Department of Public Works and Highways to select a consultant to perform certain studies. Although \$75,000 had been available, the State had not yet selected a consultant for Hudson by their own deadline date of 9-29-79. In the meantime, the focus of activity had transferred to Concord and the legislative process. A Senate bill proposed a widening study of the F.E. Everett Turnpike between Massachusetts and the City of Manchester. The legislation, as originally proposed, would have likely predetermined the interchange location necessary for the remaining (north) bridge to be built as part of the Circumferential Highway. Working with Hudson's Legislators, the state law that was enacted clearly stated that the Hudson project could not be ignored. Unfortunately, the State has retained their turnpike consultant while the Circumferential consultant has not been retained. Nevertheless, two important actions occurred: 1. the Town was able to increase the available consultant funds to \$500,000 thus assuring that a Bridge Location Study for the north bridge and an Environmental Impact Statement (EIS) will be performed for the project at no cost to the Town, and 2. the Board of Selectmen sent a Hudson delegation (comprised of the Selectmen's Chairman, the Town Manager, and the Town Engineer) to Washington, D.C., to begin the long process of securing special federal financial assistance. Notable also is the fact that the Nashua Regional Planning Commission, at the request of this Office, published a study which "justified" the construction of the southeast portion of the highway. Although the justification must be confirmed in the more sophisticated E.I.S., the study was the main reason that the additional consultant funds were programmed.

The Sewer Project

During 1979, the pipeline construction of Contracts 1, 2 and 3 was completed. However, the Board of Selectmen and this Office remain dissatisfied with the issue concerning the alleged inadequate trenchwork compaction. Although much activity occurred in regard to this matter, it is best that this report only state that Seaward Construction filed action in the U.S. District Court against the Town et al. The Town answered the complaint, including a countersuit. Atty. Joseph Corwin of Boston, MA joined Atty. Philip Currier as Counsel for the Town regarding the court actions.

Concerning Contract 4, the Town retained the firm of Costello, Lomasney, and deNapoli, Inc. of Manchester, NH to perform construction inspection and administration, as well as developing other administrative ordinances/fee schedules, which are part of the original EPA grant conditions.

Phase I of Contract 4 includes pipeline construction on Federal Street, Merrimack Street, Campbello Street, Kenyon Street, Gambia Street, Tolles Street, Hill Avenue, Grand Avenue, part of Newland Avenue, and Phillips Drive. Also included is construction of a pump station on Federal Street and placement of an emergency generator for the existing Lowell Road pumping station. Upon review of Phase I plans and specifications, Costello, Lomasney & deNapoli recommended revisions which will result in project savings of about \$500,000.

Phase II of Contract 4 are the so-called industrial sewer lines that will serve the Centronics plant and the Clement Industrial Park industries. Contracts with the industries are expected to be executed shortly. In addition, this Office has worked closely with the Town's consulting engineers in seeking \$1,000,000 in funds from the Economic Development Administration to assist the industries in bearing the project costs.

Subdivisions

To re-read this Office's 1978 report on subdivisions is to find nothing changed, except that certain matters became quite critical. During 1979 the Selectmen decided to deem the Winding Hollow Road Subdivision Bond in default. Such action was necessary notwithstanding that the bond was inadequate to complete all the remaining work. During the action, which was eventually successful, the Town became aware that many of its bonds were jeopardized by alleged expiration dates. In brief, if a subdivision is not satisfactorily constructed the Town must take administrative action; to do nothing is to invite loss of the bonding guarantee. Although the Town's counsel was able to achieve a reprieve for the Town until September 1980, the basic problem remains: "manning problems must be overcome." And, as the Town adopts its master plan and subdivision regulations are refined, as well as interfaced with the Conservation Commission, the problem becomes more and more acute.

Highway Projects

The Derry Street Reconstruction Project became the most controversial highway project during 1979. Simply stated, proponents and opponents will ask the 1980 Town Meeting to decide whether or not a raised median strip is desired to safely separate the two directions of traffic. Unfortunately, the State has reestimated construction of the project for 1982.

Also under design, but not yet advanced sufficiently for public input, are the Central Street Project, its intersections with Lowell Road and Burnham Road, and the Kimball Hill Road Project. Right-of-way problems and insufficient funds postponed construction of the Burns Hill Road Relocation Project, now scheduled for advertisement in the Spring 1980. Other Town projects now under consideration include West Road, Speare Road, and Sullivan Road.

The Webster Street (NH Route 3A) Reconstruction Project as well as the Elm Avenue (NH Route 3A) Project are now on the State's Transportation Improvement Program (T.I.P.), thus making them eligible for 75% federal funding. The Signalization Project at Library and Ferry Streets finally overcame its incredible delays and was completed during the late summer of 1979.

Personnel

As a result of Town Meeting action last year, the secretarial/receptionist position is now filled by Mrs. Loni Weston, who is capably performing the tasks expected of her.

The CETA-funded position of Mapping Clerk, Walter Panko, results in continuous interface between all offices regarding Planning Board and Zoning Board applicants. Mr. Panko is also performing the valuable task of indexing and filing old and new plans approved by the Planning Board. In the last two years, no important plans have been "lost."

A summer intern in the person of Mr. James Stirk (University of New Hampshire) provided a valuable dimension to this Office. Mr. Stirk's ability to relate with people and his competence to make appropriate engineering studies resulted in work that would have otherwise gone undone. One example is Mr. Stirk's examination of the Merrill Park appraisal: due to an examination of the engineering data, a revised appraisal was prepared. The revision alone will result in an extra \$4,000 reimbursement to the Town.

Miscellaneous

The Town Engineer was designated a member of the Sounding Board's Working Group.

This Office also worked with the Fire Department in seeking possible sites for the south Fire Sub-station.

As a member of the Task Committee on the Highway Garage and Equipment Committee, many hours were spent considering the future needs of the highway garage. Although the committee developed no specific conclusions, it is clear that such decisions should be made on a townwide basis, recognizing that the future location of the Highway Department cannot be rationally determined without consideration for other departments and offices.

A substantial amount of time was spent on matters concerning the Town Landfill, including review with the Road Agent and preliminary discussions with the Selectmen regarding the future solid waste issues of the Town.

Equipment levels in the Office have improved. The purchase of a print machine enables better planning and coordination. Also, the addition of a drafting table has enabled the Office to more effectively prepare alternative proposals for review by others. However, space requirements remain a severe problem.

Commentary

As stated last year, the duties of this Office, though not always visible, are quite varied. The Town Engineer is expected to make all types of decisions ranging from minor surveying questions to being able to foresee potential legal complications concerning engineering judgement. It must also be recognized that most of the "engineering" performed by this Office is of review nature. Such a role does not normally result in an engineering product. Yet, it does not mean the Townspeople of Hudson are going without engineering; quite the contrary.

If this commentary is to leave only one impression, then it is this: if the Town of Hudson is to avoid the pitfalls of growth that are today evident in older cities, then additional engineering review is required. If controlled growth is truly what the Town wants, then it must also provide the manpower or other process to assure that adopted policies are enacted.

In closing, I would like to take this opportunity to thank the Board of Selectmen consisting of Messrs. Arris, Malouin, and Lawrence. Although not always in 100% agreement with my recommendations, they consistently worked with the Office of the Town Engineer in a respectable and fair manner. More recently, the oncoming of a Town Manager has resulted in a more professional atmosphere at Town Hall. And, this report cannot be closed without extending special thanks once again to Road Agent Al Hogan, who continuously succeeds in dealing with my endless demands.

Respectfully submitted,

Robert A. Perreault, Jr., P.E.
Town Engineer

SGT. WILLIAM TEICHMANN

**REPORT FROM POLICE DEPARTMENT
FISCAL YEAR 1978-1979**

Another fiscal year has come to a close, and as you can see from the figures, it has been a busy year for the Police Dept.

One of the most notable cases was the investigation and subsequent arrest of Paul Johnson. This individual was running a counterfeiting operation out of his rented home. He was manufacturing counterfeit drivers licenses to be used for check cashing purposes, and he was also printing certified bank checks that were accepted anywhere. The checks that were confiscated total millions of dollars. Johnson is presently serving time in Federal Prison in Texas for counterfeiting for the next 11 years.

This past February also marked the retirement of SGT. WILLIAM A. TEICHMANN. Bill joined the police dept. as a special officer in March, 1956, when he split his time between his regular job and the police dept. Then in April, 1964, Bill was hired as a full-time police officer. In March, 1967, Bill was promoted to Sergeant. Bill was recently honored in February at a testimonial where many of Bill's friends and relatives were in attendance to honor a man who had given so much of himself more often than not sacrificing his family and many times his own safety.

Bill will be missed but not forgotten, as Bill has elected to remain on the dept. as a special officer, and continue to give of himself wherever possible.

The police dept. has grown considerably over the years, and has come to the point where the quarters are too small and we will be needing more space. We are presently working with the Selectmen in an attempt to acquire the much needed space and hope to have a solution to the problem in the near future.

Charles E. Foster
Chief of Police

ANIMAL CONTROL DEPARTMENT

Public education is an important aspect of this department. Animal owners, in many instances, fail to acquaint themselves with the laws pertaining to restraint and licensing. Animal needs are few, and the laws are few also. The largest problem at this time is overpopulation and uncontrolled breeding. It is the pet owner's responsibility to control the birth rate, by spaying, neutering and restraining their pets. Unfortunately, there are too many animals and not enough responsible homes for them. The laws are still on the side of the domineering partner in the animal/owner relationship by requiring very little of the owner. The medical necessities must be learned and understood as well. The veterinarian is not solely responsible for their clients pets. Each person should make the effort to understand and keep records of all medical attention such as vaccinations and parasite tests. By doing this the pet benefits.

I have been able to acquire the cooperation of many outside agencies. The area veterinarians have enabled me to care for the animals in the most proper manner. Each puppy kept by me is vaccinated against distemper, hepatitis and parainfluenza (kennel cough), and tested for intestinal parasites. When needed, treatment is administered. All adult dogs showing signs of parasites are also tested and treated. This ensures adequate control of parasites and infectious diseases in the kennel.

Benson's Animal Farm's zoologist Pat Quinn, has been extremely helpful in several aspects of animal behavior. This has been useful when confronted with problems like screech owls (mistaken for escaped monkeys) and orphaned wild birds.

The Nashua Humane Society has provided a much appreciated service for the Town. The Animal Rescue League assures relief for any injured or sick wild or domestic animal on a 24 hour a day basis. They have also been instrumental in providing the necessary support and advice when dealing with cruelty to animals. The necessary euthanasia is provided by this group as well.

An irreplaceable tool of my efforts is the Nashua District Court. Many persons choose to have a Judge make the decisions as to the violations and misdemeanors I have charged them with. This is the ultimate proof of the workability of the state and local laws. The importance, again, Animal Welfare.

I would like to thank all the members of the Police Department for their support and effort in dealing with this department. The selectmen, town clerk and road agent have been extremely helpful as well. Without the concern of these people and all the people of Hudson, Animal Welfare could not be possible. Thank you all.

Darcy Langdon

HUDSON FIRE DEPARTMENT FISCAL YEAR REPORT FOR JULY 1, 1978 TO JUNE 30, 1979

The members of the Fire Department want to extend their thanks to the Selectmen, Budget Committee, and to you, the Voters, for the support at Town Meeting. At present, we are well equipped with reasonable good major equipment and the salary level is just slightly below that of area departments.

The Robinson Road Station went into operation November 1, 1978, with eight trained Call Firefighters living in the area. Six more are to be trained during the next fiscal year, and we are also looking for three or four persons in the area who are available week days from 8:00 a.m. to 6:00 p.m., who would like to become Call Firefighters. This station is not yet completed inside, and probably won't be for some time, as the department members are doing this work in their spare time.

We also expected to have a leased station in the Wason Road area in operation before the end of the fiscal year, but those plans and contracts broke down. We hope that with the co-operation of the Town Manager, Selectmen, Town Engineer, and the Road Agent, that a piece of land on Burn's Hill Road will be made available, so that we can present a proposal at the 1980 Town Meeting for the building. This will give everyone in Town the same insurance credit and benefits, for being within 3 miles of a Fire Station, and also assure faster response time, since our stations will be placed so that all sections of Town are covered. We also have all the major apparatus on hand to supply this station, except for possibly an inexpensive tank truck to be purchased another year, and fixing up a military jeep for a Brush Fire Truck.

Fire training sessions are held almost every Monday night with about 90% of the members taking the Certified Firefighter Training Courses of 100 hours under the New Hampshire Fire Service Training Program. The E.M.T. - A's are also taking bi-monthly training sessions on Thursday evenings which include, besides technical training, hands-on practice, and occasional lectures from various doctors throughout the area. In-services training and inspections, as well as maintenance on vehicles and the building, keep the on-duty crews busy most of the time.

The Fire Inspector keeps himself busy on inspection of oil burners, tanks, public buildings, foster homes, day care centers, schools, etc. Close co-operation has been worked out between the Building Inspector and himself so that very few violations are now found. We will gladly inspect any home, building, stove, furnace, etc. at your request, as well as in location of smoke detectors, or any other fire related problem.

The coming year we will probably be asking for your consideration of one additional firefighter to possibly man the Robinson Road Station weekdays, a 1-ton chassis, and either a used car or a used Police cruiser to replace the old 1973 Police cruiser which is rusted out and has approx. 200,000 miles on it.

This past year, as in most previous years, the number of calls responded to are increasing. As you will see in the end of the report, this year we responded to almost 1,400 calls.

This fiscal year we had seventeen fires with damage ranging from \$2,000 to \$30,000; involving two industrial complexes, three commercial enterprises, ten residential occupied buildings, and two un-occupied buildings. One of these structural fires involving an exploding gasoline tank, indirectly caused the death of a well known resident. When the tank exploded, it caused a ball of fire higher than the top of the

utility poles, some 30 to 40 ft. wide and about 80 ft. long, enveloping him completely. A Police Officer at the scene received burns on his hands extinguishing the fire on the resident's clothing. If this explosion had occurred 30 seconds later, our Engine #2 and four firefighters would have also been involved within the fireball.*

We have had quite a number of brush and grass fires started by children. We can only ask parents to try to keep matches and lighters out of reach. Additionally, arson was involved in a number of automobile fires and at least structure fires. The Police were able to solve some of these, but evidence at the scene of many of these fires was not sufficient or non-existent. We had fine co-operation from most parents whose children have been involved in fires, and we don't feel there will be any re-occurrence from them.

We would like to request very sincerely that when you have a fire, that you call us **IMMEDIATELY**, get the people out of the building, **then**, if possible, put the fire out, making sure you can safely do it without personal danger. Over the past year or so, we have had at least five fires where people tried to suppress the fire themselves before calling us. It got out of control with substantial damage resulting, whereas, it could have been held to a minimum amount of damage if we had been called as soon as the fire was discovered.

It would do you well to remember that in the furthest distance from Fire Stations, it could take 6 to 8 minutes from your call to us to be on the scene with the manned truck at Central Station. The other equipment is manned by a Call force, and will take longer, so call immediately and give us a chance to get on the scene before it is totally out of control.

You should also be aware that we have had approximately 40 simultaneous calls some 30 seconds apart, and at times three calls within a 5 minute period, all for different emergencies; so don't delay your call, give us all the time you can for us to get on the scene.

My sincere thanks to all the other Town Departments for their co-operation, and to the Fire Department members and their families. Your co-operation, dependability, and devotion is deeply appreciated. The Fire Department is the efficient and dependable operation it is due to the desire and efforts of all members to make it the best.

Frank A. Nutting, Chief
Hudson Fire Department

REPORT OF FOREST FIRE WARDEN AND STATE FOREST FIRE SERVICE

Prevention and control of forest fires is handled through a cooperative effort between town/city fire organizations and the State Forest Fire Service.

Since 1903, when the first forest fire laws were passed by our Legislature, the State Forester has appointed someone in each municipality as a Forest Fire Warden and charged him with the responsibility of forest fire prevention and control within his town/city. This person may ask the State Forester to appoint as many Deputy Forest Fire Wardens as may be necessary to efficiently carry out his charge.

The State Forester has divided the State into ten forest fire districts with a full time District Forest Fire Chief in each district. The State organization is charged with assisting the municipal forest fire organization in any way possible.

State personnel conduct fire training schools, assist with forest fire suppression, fire cause investigation, prosecution of fire law violators and forest fire prevention programs. Forest fire suppression equipment is purchased through State bulk purchasing ability and sold to local forest fire organizations at one-half cost. Excess military property is obtained and turned over to town/city fire departments at no cost to local departments for conversion into fire suppression units. This cooperative arrangement between State and municipality has resulted in one of the best forest fire records in the United States with less than one-half acre of woodland burned in each fire reported.

Dennis Thorell
District Fire Chief

1979 ANNUAL REPORT HIGHWAY DEPARTMENT

The Highway Department is pleased to announce the backlog of complaints on file has dramatically been reduced. Although communications with the residents have improved, there still remain some projects that require additional time and/or funds for completion.

Thanks to the action of the people of Hudson at the March 1979 Town Meeting, the department now has a Backhoe/Loader. Even though delivery was not received until late summer, several drainage problems have been corrected to include pipe installation and road work on Boyd Road. Designs are now being prepared for the drainage projects to commence this Spring.

Drainage structures were added, replaced, or extended on Lowell Road, Buswell Street, Winnhaven Drive, Third Street, Belknap Road, Hill Street, Cedar Street, Gibson Road, Greeley Street, Jackson Drive, and Eayrs Pond Road.

Badly needed guard rails were installed on Steele Road, Gowing Road, Robinson Road, Wason Road, Lowell Road, Chalifoux Road, Pelham Road, Boyd Road, Maple Avenue, Central Street, Library Street, County Road, Melendy Road, and Pine Road. We will continue to replace the present guard rails throughout the Town as the old system poses a hazard.

Street sign replacement and repair has posed one of our largest problems this year. The cost is approximately \$100.00 per regular street sign, should post and cap have to be replaced. There have been times we have had upwards of twenty signs destroyed in one month's time. Resident's participation in the reporting of damaged signs or vandalism would be greatly appreciated.

Unfortunately, salt costs were slightly higher this past year due to twenty-seven days of snow and freezing rain, along with a \$5.00 price increase per ton. The Department has actually decreased its usage of salt by 200 tons from the previous year. In the past two years the Department has reduced its salt usage by a total of 700 tons. While the roads in Hudson have been vastly extended. This is one of our proudest accomplishments.

Once again the Robinson Road Phase III Project was delayed because of Right-of-Way problems that have now apparently been solved. Construction has been re-scheduled for the Summer of 1980.

The Boyd Road T.R.A. Project has progressed very well after the property easement delays were overcome. There was 80' of 30" pipe installed, the road bed was raised approximately 5', a base course of hot top was applied and guard rails were erected.

The finish course of hot top and shoulder grading will be completed in the Spring of 1980.

Through the complete cooperation of the Board of Selectmen, Route 102, Derry Street, was resurfaced, thus saving the Highway Department the embarrassment of trying to patch a street that was well beyond the point of patching.

The Highway Department's new mechanics have done an excellent job on upgrading the equipment. Several vehicles have been completely rebuilt, including extensive body work. We are hoping to extend the service life of the equipment through more permanent repairs and an extensive preventative maintenance program.

I wish to thank the people of Hudson for their support, helpfulness and attitude toward the Highway Department.

Respectfully submitted,
Alfred J. Hogan

HILLS MEMORIAL LIBRARY TRUSTEES

Another productive, growing and exciting year has passed for the Hills Memorial Library. The Library Staff and Trustees congratulate and thank the people of Hudson for their support and enthusiasm to make this possible. We are continually striving to meet the growing needs and demands of our community.

This past year has seen the continuation of standing programs and the addition of many new ones. We are reaching out to the youth of Hudson by offering classes and programs that interest all age groups. Storytime remains popular among the pre-schoolers and classes are always filled. Elementary school children use the library on a weekly schedule along with instruction on Library Use. Classes on Bicycle Safety, Sewing, Stenciling, and Crafts are some of the many projects involving older children. The summer months included a Summer Reading Club for grades 1-6, and a pre-school reading and crafts club was formed. The Library Staff participated in the Family Fair sponsored by the Hudson Historical Society. With the coming of winter a special program on wood heat installation and safety was held by the Hudson Fire Dept. and Swim City Fire Place Shop. An award winning contest was held called "Be With A Book A Day", with winners receiving a book of their choice.

The Friends group has been reorganized with much enthusiasm. This year the Friends celebrated the 70th Library Anniversary by holding a Silver Tea. The program was conducted by Mrs. Rachel Sanborn, and Mrs. Barbara Tellinghuisen.

Our Library Staff has also been seen and heard spreading the word on our growing Library and what it can do for you. Mrs. Alice Jones, Director, has spoken to many local groups on the proposed Expansion Program and has also visited the Hudson Historical Society and the Milford Historical Society speaking on Genealogy. Mrs. Susan Weghorst, Children's Librarian, has given Vegetable Demonstrations to the Milford Garden Club and the Women's League at the Amherst Congregational Church. Mrs. Susan Dufault, Reference Librarian, has been seen in our schools talking to students and spreading invitations to the library.

The Building Committee has had a busy year finalizing plans for an expansion. Our walls are bursting in order to keep up with the community demands and meet the needs of all our patrons and friends. This has been under way for the past 5 years and we now feel it is imperative to start building.

The Hills Memorial Library is for everyone's use. The Trustees and Staff encourage all residents to make use of this valuable town asset. Working together we will continue to have a Library to be proud of.

BUILDING COMMITTEE HILLS MEMORIAL LIBRARY

The ever-increasing cost of construction, with the devaluation of the dollar has compelled the Building Committee to re-access the plans and requirements that were suggested and used as guide lines. A further check with the Office of "Comprehensive Planning" gave us adjusted figures on growth.

By innovative methods and careful planning, utilizing all areas to a greater extent, could we meet our goals and objectives at a reduced construction estimate?

With the cooperation of architect John Carter, librarian Alice Jones, library trustees, and a hard-working committee we have met that challenge.

We now have a complex that will meet our present requirements; also those projected for the future. All levels of reading and learning have been expanded with emphasis on the needs of the children.

The architect has blended the new with the old which gives us a structure that is modern, but has the charm that we all admire in our present library. Nothing has been done to distract from the present building; it will still remain the focal point of the complex, and a source of pride to the town.

There is a minor problem. Only 26 parking spaces are available, but this is a problem of the area. All town departments are faced with this. Hopefully, an improved plan for parking to meet the needs of all departments will be forth coming.

**BUILDING INSPECTOR'S REPORT
JULY 1, 1978 THROUGH JUNE 30, 1979**

The building growth followed the general decline in the economy as to the number of new construction starts. The dollar value of completed homes in Hudson during the past year remains high.

Persons interested in alterations or additions, including chimneys for wood burning stoves and any storage building, must obtain a Building Permit before start of work.

All Hudson residents who are contemplating changes to their property or residence which would change the use of such property or residence should check with the Building Inspector first to make sure that Zoning would allow such changes. If Zoning does not permit such use it may be necessary to apply for a variance. In some cases a plan review may also be necessary from the Planning Board.

During the past year I have attended all Planning Board, Zoning Board of Adjustment and Board of Appeals meetings (except when on vacation) so that I would know what Planning or Zoning was taking place. I also attended all meetings of New Hampshire Building Officials meetings held in Concord, and two (2) meetings of New Hampshire Chapter of Construction Specifications Institute, held in Manchester, as well as seminars on Governor's Council on Energy. I participated in a four day seminar at the University of Massachusetts in Amherst. During the past year I successfully passed the National Electrical Code II course and exam conducted by the American Society of Building and Construction Inspectors consisting of eleven (11) pages of 274 questions on all phases of Building Inspection which now classifies me as a "Certified Building Inspector."

During 1980, I will be completing a course for Basic Code Enforcement Building Inspection conducted by the "Building Officials Code Administrators International". I will also be attending training sessions of Governor's Council on Energy.

I would like to thank the Selectmen, Town Manager, Town Engineer, and also the girls in the Selectmen and Assessor Offices for all the help and assistance they have given me in the past year.

Respectfully submitted,

Richard E. Millard

REPORT OF THE PLANNING BOARD
JULY 1, 1979 - JUNE 30, 1979

On June 30, 1979, the seven Planning Board members were: G. Philip Rodgers, Acting Chairman; Ronald Viens, Secretary; Fred Klose, Leo Patrick, Roger Jette, Robert Jasper and Selectman Representative Leon Malouin.

Summary of Transactions:

	FY79	(FY78)
Subdivisions Approved	27	(27)
Subdivisions Denied	3	(1)
Site Plans Approved	25	(23)
Plans for Recording Only	12	(7)
Lot Lines Approvals	19	(10)
Easements Approved	7	(1)
Bonds Signed	5	(5)
Discretionary Easements Approved	19	(8)

Major Events:

a. Public Hearings on the Flood Plain Ordinance for Hudson were held on July 5 and July 26, 1978, and Public Hearings were held on proposed Zoning Changes on January 31 and February 21, 1979.

b. On November 16, 1978, the New Hampshire Supreme Court handed down its now well-known "Raymond Case" decision which essentially concluded that municipalities may not use moratoriums as a "permanent" growth control measure. The Court, in its wisdom, decreed that the way to control growth is by use of a Master Plan and not by imposing arbitrary limits on construction. It was reassuring to Hudson Officials to know that the venture in early 1978 to devise a Master Plan via the Sounding Board process was an effort well-undertaken and in keeping with the growth control concept embodied in the Raymond case decision.

c. After an exhausting three years as Chairman of the Planning Board, Fred Klose resigned as Chairman. Fortunately; however, he did consent to continue as a regular member.

d. On May 2, 1979, G. Philip Rodgers accepted election, on a temporary basis, to be the Chairman and Ronald Viens was elected as Secretary of the Planning Board.

e. On June 13, 1979, the Planning Board unanimously voted to require that plans to be heard shall be provided to the Town Engineer 5 days before each scheduled Planning Board meeting.

In retrospect, (reference the summary of Transactions, above) the 150 limitation on Building permits did not diminish the activity of the Planning Board. The Planning Board acknowledges and appreciates the patience and cooperation of those who appeared to present plans, and those who came to support or oppose presentations. It is this vitally interactive process which provides a sound basis for the sustained, sensible and citizen-controlled growth of our Town.

G. Philip Rodgers
Chairman

**VISITING NURSE ASSOCIATION OF NASHUA, INC.
ANNUAL REPORT TO THE TOWN OF HUDSON**

7/1/1978 - 6/30/1979

As has been the custom in the past, the Visiting Nurse Association of Nashua, Inc. has continued to provide the community of Hudson a full range of home health services including nursing, therapists, home health aides, and homemakers. In addition, we have provided limited immunization and tuberculosis control services. We have added an ostomy specialist and outreach services to the elderly funded partially by the State Council on Aging, Title III. Terminal care at home for the dying has also been implemented with an on-call "beeper" service from 4:30 p.m. to 10:00 p.m.

REPORT OF THE HEALTH OFFICER

July 1, 1978 - June 30, 1979

The Health Department extends its thanks to the Hudson Business Community and Residents for their cooperation. This year residents have shown a definite interest in the health and welfare of their Town through the increased number of reports and inquiries received by this Office.

We encourage your continued interest in guiding the community in its growth to preserve the healthy environment it now enjoys.

Respectfully,

Lazar R. Sion, D.C.

CONSERVATION COMMISSION

ANNUAL REPORT — 1979

The majority of the Commission's efforts were expended reviewing development plans and activities associated with alteration of the Town's wetlands. These efforts required consultation with the Developer. Written recommendations were then prepared for the Planning Board and/or State Wetlands Board to assist them in decision making.

Other Commission activities included: treatment of some of Hudson's oldest elm trees against dutch elm disease, assistance in the Hunter Safety Course, sponsorship of a local student, Jeffery Fuller; to attend a statewide conservation camp, assistance to the Friary Study Committee, participation in the Sounding Board efforts and acquisition of federal funds for conservation land purchases.

The Conservation Commission had a busy and fairly successful year and hopes to broaden its effectiveness in 1980 by involving more citizen participation in its activities.

HUDSON RECREATION COMMISSION

1978-1979

Hudson residents, young and old alike, have had the opportunity to participate in town recreation activities on a larger scale than ever before. Our programs continue to expand because the residents of Hudson are showing a greater interest in recreation.

Mr. Paul Hamilton joined the Commission in May replacing Mr. Charles Lefebvre.

This past year our senior citizens enjoyed an outing to Rockport including sight-seeing and lunch. The activity was very well received and enjoyed by all.

A new modified pitch softball team for girls of high school age was formed this year. Games were played during the summer months only, as the girls travelled to neighboring towns for most of their games.

The Babe Ruth League enjoyed another successful season under the direction of Mr. Bill Courounis. Another first for Hudson was the starting of a Babe Ruth "Prep" League. This league is for 13 year old boys only and prepares them for participation in the higher leagues. The town also sponsored five Babe Ruth teams, ages 14-15, and a Senior Babe Ruth team, ages 16-18.

During the summer months, Robinson Pond is an extremely busy place. Life guards are on duty the entire summer, and swimming lessons are offered to all who are interested. Picnicking is allowed at the pond, but only in the picnic grove. Boating is another activity that may be enjoyed, but this is State controlled. A new addition this past year was the installation of a gate and the hiring of a security guard. We have found this necessary because in years past many of the visitors to the swimming area were not from Hudson, but were coming to the pond from as far away as Boston; also there has been a large amount of vandalism at the pond.

Tennis lessons were again offered this past summer at the H. O. Smith Tennis Courts. Lessons are given days as well as evenings to allow children and adults to participate.

The adult soccer league, ages 18 and over, completed their second year. Their home games were played at Alvirne and always draw a large crowd.

Another addition to Hudson recreation this year was a junior soccer league, grade 9 through age 17. The team travelled all over the state with transportation provided by their parents.

Men's softball is one of our most popular adult recreation programs. Several teams are represented with all games played at Jette Field, Monday through Friday, during the summer months.

The Youth Center, of course, was open all summer to the youth of Hudson. Some of the programs offered were arts and crafts, softball, street hockey, basketball, bowling, weekly hot dog roasts, chess and carrom tournaments and a junior olympics. Ms. Donna Borowick, Director of Recreation, was in charge of all activities held at the Youth Center.

Youth soccer continued this past fall on the soccer field at Alvirne. This program includes children in grades 5-8. Six teams participated in the program. We hope to see the number of teams increase in coming years.

Another Fall activity is the Referee School which is open to high school students to train referees for our basketball programs. Classes are held in scoring, timing and refereeing.

Winter basketball, one of our largest programs, was under the direction of Mr. Nick Turcogee. The basketball program runs from November through March and involves boys and girls in grades 5-8. Our Instructional League, under the direction of Mr. Hank Center, is held each year for third and fourth graders to learn the basics of basketball.

The Men's Basketball League also begins in late Fall. Six teams participated this past year with games played Sunday mornings at Alvirne.

Another popular adult program is volleyball. Four teams are represented with games held during the Fall and Winter months on Tuesday nights at Memorial School.

Weather permitting, Greeley Field, the parking area at Memorial Field and the open field on Lowell Road are flooded each year for ice skating.

Some of the improvements this past year included a new backstop, new basketball nets and backboard repairs at Greeley Field. The Memorial ball field was completely rebuilt including a new fence. A general maintenance program went into effect in 1979 on all town fields with Jette Field being top-dressed.

All of our fields are at maximum use. The Commission has had to notify all directors of programs that require a baseball or softball field not to expand in the coming year. There are just not enough fields available to allow expansion.

Another point to stress at this time is that of resident participation. Any youngster wishing to participate in our programs must be a Hudson resident. Adults must be Hudson residents or an employee of the town.

In closing, we would like to thank the many parents who have provided transportation to our youngsters; all of our coaches who have given countless hours of their time; and the many Hudson residents who have made recreation in our town possible.

Hudson Recreation Commission

BUILDING BOARD OF APPEAL

July 1, 1978 to June 30, 1979

The Board of Appeal consists of 5 members who are qualified by experience and training, to pass upon matters pertaining to building construction and who are appointed by the selectmen.

The 5 members are: Paul Buxton, Alvin Rodgers, Richard Dussault, Leonard Thibault and Leonard Smith.

The purpose of the Board of Appeal is to hear appeals from persons aggrieved by decisions of building official on Building Codes only.

There were no appeals heard in this time frame.

Respectfully submitted,
Leonard A. Smith, Chairman

AUDITOR'S OPINION

Board of Selectmen
Town of Hudson
Hudson, New Hampshire

We have examined the financial statements of the various funds and the general long-term debt group of accounts of the Town of Hudson for the year ended June 30, 1979, listed in the foregoing table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The Town has not maintained a record of its general fixed assets and, accordingly, a statement of general fixed assets, required by generally accepted accounting principles, is not included in the financial report.

In our opinion, the financial statements listed in the aforementioned table of contents present fairly the financial position of such funds and the general long-term debt group of accounts of the Town of Hudson at June 30, 1979, and the results of operations of such funds for the year ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

The accompanying supplemental schedules and related information presented in Exhibits K through N are not necessary for a fair presentation of the financial statements, but are presented as additional analytical data. This information has been subjected to the tests and other auditing procedures applied in the examination of the financial statements mentioned above and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

EXHIBIT J
TOWN OF HUDSON
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 1979

1. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accounting policies of the Town of Hudson conform to generally accepted accounting principles applicable to governmental units. The following is a summary of the significant accounting policies.

BASIS OF ACCOUNTING

The accrual basis of accounting is followed by the Trust and Agency, Capital Projects and Special Assessment Funds. The General and Debt Service Funds record transactions on the modified accrual basis.

INVESTMENTS

Investments are stated at cost.

GENERAL FIXED ASSETS

General fixed asset purchases are recorded as expenditures at the time of purchase or completion.

2. **SUBSEQUENT EVENT — LITIGATION**

The Town was included in an action filed in the United States District Court on October 15, 1979, by Seaward Construction Company, Inc. The action alleges violations of contractual agreements covering the design and construction of sewers and seeks payment of approximately two million dollars. It is the belief of the Town legal counsel that the claims have no validity and that the claim will have no significant impact on the Town's financial position.

DISTRIBUTION OF THE SCHOOL DOLLAR

1980-81

REPORT OF THE CHAIRMAN OF THE HUDSON SCHOOL BOARD

1978-79 SCHOOL YEAR

This year, like many of the past years, has been a year of many committee meetings, planning and trying to cope with the present high cost of living. The Board would like to take this opportunity to thank all who have helped us accomplish many of our goals.

We have at the present time initiated building projects which will provide accessibility to all handicapped persons in our system. This is in compliance with Section 504 of the Rehabilitation Act of 1973.

For the past year the Accountability Program has been active in finalizing essential student outcomes and performance indicators in the areas of Math, Language and Social Studies. With the general publics cry to get back to basics it is the goal of this committee to guarantee that every graduate will master, within their full capabilities, basic skills in these areas. Testing will be done in the fourth, eighth and eleventh grades to evaluate the progress of the student, remedial action will be provided as required.

Much effort was given to improving the buildings and grounds at the schools. The addition of two ball fields at the high school and the landscaping at the Memorial School were costly but greatly needed. It was the feeling of the Board that fences and curbing was necessary because of the ever increasing vandalism that is taking place on school property. The buildings and grounds of the school district reflect the community and should be a credit to every citizen.

Our Vocational Education facility at Alvirne was expanded this year with the addition of a second greenhouse and headhouse. Approximately 20% of Alvirne students actively participate in the agriculture or related programs. To combat the increased cost of oil, gas and utilities the Board established an Energy Advisory Panel. It is the intent of the Board to use the data that this panel presents toward a more effective use of our present energy resources.

We were once again faced with union contract negotiations. Custodians have organized and we hope that the community will fully support the Board in whatever results from these negotiations.

The Board would like to thank Peter Dolloff for his many hours of dedication, leadership and understanding. He with his able staff continue to give quality education at a reasonable cost to the people of Hudson.

Delnette A. Clark, Chairman

REPORT OF THE SUPERINTENDENT

To the School Board and Citizens of Hudson:

The following paragraphs constitute my annual report as Superintendent of Schools in Hudson.

As we opened school for the last time in this decade of the 70's, there were two characteristics which were immediately evident. The first is the fact that the dynamic growth which has been the hallmark of the Hudson Schools, as well as other school districts in south central New Hampshire, appears to be at an end, at least temporarily. This year our overall student population decreased by a fraction of one percent for the second year in a row which, in effect, means that our enrollment has maintained the "status quo" for that period of time.

This comes as no surprise considering the effects of rampant inflation on population mobility which leads to the second characteristic mentioned previously. That is, inflation itself and its impact on our budget. This issue is of sufficient importance that I have decided to devote my entire report to several aspects of the problem.

Energy costs have been rising almost on a monthly basis since our budget for the current year was finalized. Although our present budget was premised on a \$16.85 per barrel cost of #4 heating oil, we are currently paying \$31.70 per barrel and as of this writing the O.P.E.C. Cartel has just announced another \$6.00 per barrel increase. This inflationary increase along with the increases in fuel for transportation has had a crippling effect on our current appropriation. Although the cost of energy is the most apparent cause of the budgetary crunch we have experienced other increases in goods and services due to the state of the overall economy.

We have also recently been informed that due to the "shortfall" of state funds we will have to absorb approximately 40% of the state's share of educating those handicapped students who are tuitioned out of district. This lack of support from the state level, which already ranks last in the nation in state support to education, places an immense burden on the local taxpayer. In a recent study conducted by the Center for Educational Field Services (CEFS) at the University of New Hampshire, Hudson ranked 16th out of 168 school districts in equalized valuation per pupil ranking the districts from poorest to wealthiest. That is to say 152 school districts in New Hampshire have greater equalized valuation per pupil than Hudson. However, in spite of the fact that we are "property poor" our school tax as equalized of \$23.61 ranks well above the state average of \$16.50 per thousand. This means that the people of Hudson are making an outstanding effort to support education and obviously place a high priority on this area of local responsibility.

We have an equalizing formula in New Hampshire known as Foundation Aid, as is the case in most states. Under this statute the state should provide the difference between a standard local contribution rate, which in New Hampshire's case is set at \$14.00 per thousand of equalized valuation, and a level of adequate educational expenditure per student as established by the state, which in New Hampshire's case is the state average cost per student. However, the state historically has only funded this by approximately 10% of what is needed to fully implement the statute. During the current year, Hudson would be entitled to \$498. per pupil under the program but we are

only receiving \$69. per pupil. This means that although Hudson is considered to be a "property poor" district and should be receiving \$498. per pupil to make up the difference between a "14 mill" effort and the cost of a basic program as established by the state, we are only receiving \$69. per pupil to make up that difference. Forty million dollars would be required for the state to meet its full commitment to school districts throughout the state under the Foundation Aid program, but last year only 3.9 million or approximately 10 percent was appropriated by the New Hampshire Legislature. The result in Hudson's case is that local residents must be willing to tax themselves well in excess of the state average for school support in order to provide an adequate educational opportunity for their children.

It becomes alarmingly clear that in New Hampshire the resident of a "property poor" community such as Hudson is penalized severely by its dependence almost entirely on local support for education while more industry intensive communities enjoy lower property taxes with higher yields. This problem is exacerbated by the fact that property wealthy towns, in part because of their appealingly low tax rates, attract more and valuable commercial, industrial, and residential properties. Thus the rich get richer and the poor get poorer.

This issue should be considered in conjunction with the fact that the greatest justification for such a heavy reliance on local taxation is maintenance of local control, which is an important public value in New Hampshire. However, the issue of just how much local control we exercise is well worth consideration. A cursory review of the situation will quickly reveal the fact that if one considers the impact of state and federal mandates such as minimum standards for elementary and secondary schools and education of the handicapped as well as the impact of the collective bargaining process and contracted services such as transportation the amount of local control we exercise is severely limited. One need only review the budget included in this overall report to quickly determine the number of areas over which the taxpayer has little or no control. That degree of local control is usually less in those communities with less taxable property since they have to use their resources to meet mandates and quasi-mandates.

I have devoted my report to this issue because I feel strongly that as inflation weighs heavily on our ability and willingness to raise needed tax support for education the issue of local responsibility vs. state responsibility becomes of vital importance particularly to a "property poor" community such as our own with our heavy reliance on the property tax. When the nuclear plant in Seabrook is completed it will have a value equal to approximately one fifth of the value of all the property in the state and could possibly result in a negative tax rate in that community. I only cite that example because it will ultimately personify the issue of disparity in local property wealth. The time has come to talk with our legislators about alternatives which must come from that level if we are to see a reasonable relationship between equalized property value and equalized school tax.

As we move ahead through the severe winter months which are bound to place a heavy strain on a tight budget designed to make the educational process as cost effective as possible we ask you to bear with us as we attempt to meet our responsibilities in a fiscally responsible fashion while continuing to offer a quality educational program.

In closing, I would like to thank the School Board, Mr. Burton, Mrs. Roody, Mr. Coughlin, Mr. Nase, Mr. Burpee, Mr. Cunneen and the entire school staff for their unfailing cooperation and finally the citizens of Hudson for their commitment to excellence in the total educational program.

Respectfully submitted,
Peter G. Dolloff

REPORT OF THE ASSISTANT SUPERINTENDENT OF SCHOOLS

December 12, 1979

Mr. Peter G. Dolloff
Superintendent of Schools
Hudson, New Hampshire 03051

Dear Mr. Dolloff:

The following comments and remarks constitute my annual report as Assistant Superintendent for the Hudson School District.

Schools in Hudson opened their doors on September 5th to 3,644 students. District wide, this represents twenty-two students less than what was projected back in October of 1978. Although the reduction is very insignificant, this is the second year in succession that we have experienced a slight decrease in our anticipated enrollment. If one analyzes the various factors affecting the student populace, it appears that inflation, the tight money market, the reduced birth rate, gasoline shortages, and the number of housing starts, will in all likelihood, continue to contribute to a modest decline in school enrollments. As enrollment statistics have a direct impact on the budgetary process, building utilization, and staffing patterns, it is important that we continue to monitor and closely review all variables associated with enrollment projections.

During this academic year, we have spent considerable time and effort in improving our counseling services, both at the high school and middle school. With added guidance personnel, we have more effectively addressed the needs of students coded as handicapped and students in the vocational and co-op areas. Not only has the additional personnel provided more concentrated services in the aforementioned areas, but it has reduced the pupil counselor ratio for the remaining portion of the student body. This has been extremely beneficial in increasing services to the total student populace; moreover, it has increased the time spent by counselors with students on a group basis as well as individually. In addition, the high school counseling staff has developed a new brochure called "Sophomore Alert". This resource tool outlines the necessity for, Why We Plan, How We Plan, When To Plan, Courses Of Study, Graduation Requirements, Terms To Be Familiar, and Facts On Financial Assistance. Recognizing that guidance services are an integral part of any comprehensive educational program, we are continuing to investigate techniques and methods for expanding our services and improving our delivery system.

As in past years, we have selected an area of the curriculum for review and revision. This year mathematics has been identified as the discipline to be addressed. The process will be similar to previous reviews; the content will be evaluated according to its appropriateness, resource material will be analyzed, texts scrutinized and a new syllabus with goals and objectives developed. Hopefully by late spring, we will be prepared to submit our recommendations to you and subsequently to the Board.

Another project that warrants considerable attention during the 79-80 fiscal year is our quest for vocational construction funds. In our previous discussions with state department officials, it appeared that Alvirne would not be eligible for state funding. However, during the last session of the legislature, 32 million dollars was appropriated to complete the funding for the twenty regional vocational centers. At this writing,

some of the designated centers have indicated that they may not make application for these funds. Should this be the case, Alvirne, as a recognized sub center for agriculture, could conceivably be in a position to request state construction funds. Although no formal commitments have been made by the State Board of Education or State Department officials, both parties have been receptive to our initial overtures.

In the federally funded areas, we have continued to pursue projects in the following: regular vocational education, handicapped education, cooperative education, consumer homemaking, media, career education, and special service projects. To date, we have received funding in each of these categories with the exception of career education. Granted these funds cannot be used to supplant local educational efforts, but they have provided us the opportunity to purchase services which we would be legally bound should the funds not be available. This is particularly noteworthy as it applies to the new handicapped legislation.

A dimension of the position that continues to require an enormous amount of time and energy is the staffing of the respective schools. In my last annual report, I indicated that the pool of qualified applicants seeking teaching positions had shrunk considerably. This trend appears to be continuing. Educational institutions are producing fewer and fewer candidates, and the business community has begun to draw more and more heavily from the educational ranks. At this point, I would not state we are facing a severe teacher shortage, but I have some real concerns relative to recruiting qualified individuals in the specialty areas. The problem becomes even more acute when we attempt to attract able substitutes. Salaries in this area are not comparable to positions requiring similar training; thus the number of candidates seeking this employment opportunity have been drastically reduced over the past three years. Without some form of financial stimulus given in this budget category, we will continue to be faced with a dearth of substitute teachers.

In closing, I would like to extend my sincere appreciation to you for your continued support and to thank the staff, the central office personnel, and the many fine people in the Hudson community for their kind and helpful assistance.

Respectfully submitted,
Larry W. Burton
Assistant Superintendent

REPORT OF THE DIRECTOR OF SPECIAL SERVICES

Dear Mr. Dolloff,

I am pleased to offer this report of activities within Special Services over the past year.

We are now into our second year of full implementation of Public Law 94-142 (the Education for All Handicapped Act) and the added regulations of Section 504 of the Rehabilitation Act. Since the Hudson School District already had a substantial array of services for handicapped youngsters, we have found a major impact of both these pieces of legislation to be the securing and maintaining of required paperwork. Principally this includes the Annual Statement of Placement and Individual Educational Plan which are the two documents that parents must sign in order for their children to receive special services. The Annual Statement of Placement essentially summarizes the evaluative data and the services to be provided and bears the parents' signature signifying their agreement with the handicap designation and programming. The Individual Educational Plan also outlines what services will be provided and further defines the program by stating long and short term learning goals. Our staff has been very conscientious about the writing of these educational plans which have proved to be a time consuming task. However, they have provided both parents and staff members who work with our handicapped children a clear idea of what the learning goals and expectations are. PL 94-142 and Section 504 state that parents are to take part in the formulation of the educational plan, and we have made an effort this year to involve all parents who expressed a wish to be included in the process. This procedure, of course, has to be repeated year after year, and we are doing our best to streamline the process in terms of getting the ASP's (Annual Statements of Placement) and IEP's (Educational Plans) written and signed on time.

As you know, 94-142 carries with it federal monies in the form of a per pupil amount for each child who is identified as educationally handicapped and whose evaluation and paperwork are current as of December 1st of any given year. Evaluations must be done at least once every three years. This is the first year that those students with outdated evaluations (even though the ASP is currently signed) will not be included in the official December 1st count, so we have been diligently updating those evaluations that were no longer current.

The importance of counting every eligible student becomes clear when we review what we have been able to accomplish with those federal monies. These funds are to be used first to identify all handicapped students in the district and then they may be used to supplement existing services. Although in previous years we have concentrated on procedures to identify students, in this past year we have added some valuable staff positions that are providing supplementary services as well as maintaining our capability to identify and program counsellors, one at Alvirne High School and one at Memorial School, who are specifically serving the handicapped population with more concentrated guidance services: individual and group counselling, help with course selection and scheduling, support to students, teachers and parents. These two counsellors have also served as building case co-ordinators in terms of being responsible for seeing that the paperwork is completed, arranging for consulting psychological services, and making sure that each case is followed through when adjustments or recommendations are made.

We have also been able to add five aide positions throughout our system—particularly in the Learning Disabilities and Resource Room programs. We have been fortunate in finding dedicated people for those positions who make it possible to greatly individualize our programming and give teachers needed support in the classroom. More time from the Occupational Therapist was another element of our 94-142 grant. We have identified increasing numbers of students who have benefited either from direct therapy from the Occupational Therapist or who receive services from their teachers who take direction from the Occupational Therapist and then work with their classes individually or in small groups.

Though we have seen a number of staff changes this year, including my own position, I am pleased to report that all of our programs are running smoothly and effectively. We do have a skilled and dedicated professional staff who work well together to provide the best possible service for all of our handicapped students.

Other projects that have expanded our services in Hudson should also be noted. Our Gifted Program at Memorial School is well established this year and enriching students' education through a three part program. First we are offering small, accelerated, multi-graded classes where students work with advanced materials and are able to pursue projects of their own interest. Secondly, there are enrichment activities for after-school and study time such as astronomy lessons, computer programming instruction and a sign language course. Thirdly, the program is offering the opportunity for Mentorships where students can work individually with someone in the community on a project of mutual interest. These opportunities to expand horizons and expose gifted youngsters to a variety of topics that may catch their interest are a further example of the effort and interest of our community and school to provide all our young people with the best learning environment possible.

Another district wide project is that of Accountability. Responding to what is now a national movement on the part of citizens as well as educators, the state of New Hampshire has mandated that each local community develop an Accountability Plan to ensure that basic skills are covered in the curriculum so that students finish school with at least minimum competency in the areas of reading and language arts, math, and U.S. and N.H. History and Government. Local committees of teachers have spent many hours identifying those essential learning objectives that will represent what we feel are the most basic skills that need to be learned. An assessment measure will then be developed to test those skills, and the final result of the project will be a management plan that will direct the district to address areas of weakness making sure that a firm grounding in the basics is offered. It needs to be emphasized that promotion or graduation will **NOT** be based on the results of this testing, and teachers will not be evaluated according to how students perform. Also at no time do we want to see the teaching of these basic skills take the lion's share of our programming time. We want to make sure that they are covered thoroughly, but not at the expense of the breadth of curriculum which all feel is also vital to our program. Accountability is currently a "hot" topic in education, and the fact that school systems should be accountable for students' learning at least minimum skills cannot really be argued. However, it is also important to keep in perspective that this has always been one of our primary purposes, and we should see this project more as one to help us evaluate our effectiveness in this area, and redirect some of our efforts if it is necessary, than as a new movement designed to set different priorities to our programs.

The scope of special services does not seem to be diminishing. The law requires us to provide services for youngsters from 3 to 21 years old, and while we are providing quite adequately for the school-age child, we continue to see the need to develop pre-school programs and services. The earlier we are able to identify and service handicapped children, the better chance we have of laying the groundwork for a more successful public school experience.

At the other end of the scale we are now seeing students in our high school programs who may have had special programming since their first years in school. Their needs for alternative programs and more vocationally oriented programs are becoming much clearer. Parents of these students who have now been involved in their children's services over the years are also becoming more involved and interested in what we will be able to offer their children for vocational training and exposure. In the coming year and years, we will hope to develop strength in both of these areas.

Mr. Dolloff, I have now served as Director of Special Services for six months, and I continue to discover many of the rewards that are part of this job. It is a tremendous satisfaction to work in a district and community that is committed to its young people and demonstrates that commitment by supporting regular and special programs so wholeheartedly. I greatly appreciate the tolerance and guidance that you, Mr. Burton, Mr. Coughlin, and the building principals and vice-principals have shown in helping me learn my new job, and I look forward to the coming year with the hope that it will be as rewarding and productive.

Respectfully submitted,
Deborah S. Roody
Director of Special Services

Supervision of the Free/Reduced Lunch Program

HUDSON SCHOOL DISTRICT MEETING

MARCH 2, 1979

Moderator Richard Dolbec read the purpose for which the election was held from the school warrant. To elect (1) school board member for three years, (1) Moderator for one year, (1) treasurer for one year and (1) clerk for one year. To dispense with the further reading of the warrant carried and will be read at the business meeting at Hudson Memorial School at 7 p.m.

Donald Shepard moves to open polls at 1 p.m. and the people present seconded the motion.

The business meeting was called to order by the moderator at 7 p.m., and then the moderator recessed for 15 minutes due to the poor attendance, waiting until more voters arrived.

At 7:19 p.m. the moderator called the meeting back to order. The invocation was given by Moderator Dolbec. Donald Shepard led in the Pledge to the Flag. The moderator asked for personal privilege so Mr. John Eagar could speak in honor of Donald Shepard who has served for 12 years as a school board member. He was presented with a silver certificate of merit.

Mr. Jurkowski asked point of order and spoke against conducting the meeting with such poor attendance. He made the motion to adjourn until Friday, March 9, 1979, and he directed further that the school board advertise the meeting more thoroughly. He felt it must be in the local paper more in order to gain better attendance. Mr. LeVasseur seconded the motion. Mr. Shepard spoke against the motion to adjourn. Mr. Malouin and Mr. LeVasseur spoke in favor. Mr. Eagar also spoke against. Voice vote on the motion was in the negative. Mr. Irwin pointed out that a non-voter was on the floor so the moderator took a voice vote of the house to see if the non-voter could remain. The house voted to permit the non-voter to remain.

Article 5 — Mr. Shepard moved its adoption and Mr. Eagar seconded. The moderator asked at this time if there was a report from the Budget Committee available on the article and there was none available. **Article 5 was adopted.**

Article 6 — Mr. Shepard moved to include the amount of \$3,179,989. Mr. George Arris addressed a question to the board concerning what articles were included in the total budget of \$5,518,080. They answered Articles 5 and 6. Mr. Breton amended the article by changing the figure to \$3,020,915. Mr. LeVasseur seconded the motion. The figure was arrived at by the following cuts.

Account	35	Cut	\$ 1950.	Account	400	Cut	\$ 6000.
	190		500.		610		10300.
	215		5000.		630		5000.
	220		5000.		640		3000.
	230		2500.		645		200.
	235		1500.		700		17400.
	290		5000.		1000		14200.
					1200		56224.
Total cut				\$159,074.			

Mr. Breton stated that the budget items represented 10.75% increase over last year. With his recommendation does not cut teacher increase of 8.64% and represents a 7.55% increase over last year's budget.

The question to amend by changing 3,179,989. to 3,020,915. on the floor. Lionel Boucher questioned as to whether the original budget was approved by majority of budget committee. Mr. LeVasseur yielded and answered it was a majority approval of budget figures. Mr. Boucher felt that if some members had done more work before the meeting the figures should not have to be cut.

Mr. Shepard spoke against the amendment. Paul Madison explained the vote of the budget committee members who abstained at the time of the vote to approve the budget and questioned why they took this stand at this time. Mr. Bednar asked for the names of the members and how they voted and asked further if the majority of the members signed the budget. Voting for—Paul Madison, Ralph Pearce, John Miles, and John Eagar. Abstentions—James Hetzer, Ann Palladino, Robert Quinn and Ray Breton. Mr. LeVasseur did not vote. Mr. Malouin and Doris Ducharme were absent. Majority of members did not sign the budget. Mr. Eagar pointed out that the chairman if voted could have broken the tie and yet he seconded the amendment tonight to cut at this late date. Mrs. Wallace questioned as to the enrollment this year in our school system. School board answered that there were 11 fewer students in the enrollment this year. Mr. Lionel Boucher urged the defeat of the amendment and Mr. Walsh spoke in favor. Mr. LeVasseur asked for secret ballot at 8:35 p.m. and at that time the meeting recessed to set up for balloting. While setting up for balloting questions carried on this amendment. Mr. LeVasseur moved the previous question and Mr. Arris seconded. Voice vote taken on moving question and the motion carried. Voting on the amendment opened at 8:55 p.m. and the polls closed at 9:06 p.m. The meeting called back to order at 9:13 p.m. State of Ballot YES 45 NO 65 Amendment lost. **Article 6** for the amount of **\$3,179,989. was adopted.**

Article 7 — Mrs. Del Clark moved its adoption and Mr. Eagar seconded. Lionel Boucher questioned what ultimate figure is being sought in the Capital Reserve Fund? Mr. Shepard answered \$182,000 as cost and 200,000 to complete Phase I as shown. Trustees wanted to match if town made a good faith contribution. **Article 7 was adopted**, by voice vote. Mr. George Baker moved that the polls be closed on Article 1 thru 4 and they closed at 9:23 p.m.

Moderator thanked Beta Sigma Phi for the refreshments — Purpose was to raise funds for Scholarship Fund at Alvirne.

Article 8 — LeVasseur moved and Mr. Eagar and Pearce seconded. There was no discussion and the **article was adopted.**

Article 9 — LeVasseur moved and Mr. Malouin seconded. LeVasseur spoke to urge adoption to enable the use of voting machines at combined elections. Mr. Malouin requested secret ballot. Mr. Shepard urged the defeat, stated that the voting machines were a poor excuse to combine elections. LeVasseur stated that we would have to provide for 6000 voters and set up 50 machines etc. Mr. Eagar stated that the combining allows overshadowing of school district candidates by town office candidates. Many spoke for and against the combining of the elections. Secret ballot began at 9:35 p.m. and closed at 9:41 p.m. YES 50 NO 54 4 spoiled, **Article 9 lost.**

Article 10 — Shepard moved adoption and Eagar seconded. Money included in 94-142 accounts. They urge the defeat of article along with Lucille Michaud. **Article 10 was defeated.**

Mr. Arris moved to adjourn the business portion of the meeting and Mr. Shepard seconded. Paul Thorn questioned Superintendent about the \$188,000. approved for transportation. How it was spent and with what contractor? Mr. Dolloff stated it was a (3) year contract with Connell Transportation and we were in our 2nd year. He hoped to improve the problems and improve the service. Mr. Thorn questioned why he had outside contractor for special busses and how much do we pay them? Mr. Dolloff answered Timerlane School was used to ease the burden on Connell and improve service and the costs were slightly less. Mr. Dolloff felt the main problem is not equipment but a lack of drivers. Mr. Shepard acknowledged lack of drivers and stated that it was the board's responsibility to break contracts and not the superintendent's duty. Mr. Thorn asked to allow the meeting to vote on breaking the contract to give a message to the school board. Mr. Irwin questioned — If resolution is just a guide we would need \$130,000 over and above budget to provide comparable service as Mr. Shepard indicated earlier. The motion to allow meeting to vote on breaking of contract with transportation firm was in the negative. The meeting adjourned at 10:03 p.m.

State of ballot:	Moderator	Richard E. Dolbec	154 Elected
	School Board	Paul Madison	145 Elected
	Treasurer	Karen R. Wisnosky	157 Elected
	Clerk	Karen R. Wisnosky	157 Elected

Ballots cast: 167 and 17 absentees = 184 total.

HUDSON SCHOOL DISTRICT

AUDITORS' OPINION

We have examined the financial statements of the various funds and the general long-term debt group of accounts of the Hudson School District for the fiscal year ended June 30, 1979 listed in the foregoing table of contents. Our examination was made in accordance with generally accepted auditing standards and accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As in the practice with many municipalities in the State, the Hudson School District has not maintained a record of its general fixed assets and accordingly, a statement of general fixed assets, required by generally accepted accounting principles, is not included in this financial report.

In our opinion, the financial statements listed in the aforementioned table of contents present fairly the financial position of the various funds and the general long-term debt group of accounts of the Hudson School District at June 30, 1979 and the results of operations and the changes in fund balances of such funds for the year then ended in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

The supplemental schedules included in this report, although not considered necessary for a fair presentation of the financial position and results of operations and the changes in fund balances of such funds, are presented primarily for supplemental analysis purposes. The additional information has been subjected to the audit procedures applied in the aforementioned examination of the basic financial statements and is, in our opinion, fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Hudson, New Hampshire

Gentlemen:

Submitted herewith is the report of our examination of the financial statements of the Hudson School District for the year ended June 30, 1979. Exhibits as hereafter listed are included as part of this report.

FINANCIAL STATEMENTS

General Fund

Balance Sheet	Exhibit A-1
Statement of Changes in Fund Balance	Exhibit A-2
Statement of Estimated and Actual Revenues	Exhibit A-3
Statement of Appropriations and Expenditures	Exhibit A-4

A balance sheet disclosing the financial condition of the general fund at June 30, 1979 is presented in Exhibit A-1. The unreserved fund balance amounted to \$71,342 at June 30, 1979. A statement of the changes in fund balance is shown in Exhibit A-2.

Statements of estimated and actual revenues, appropriations and expenditures are included in Exhibits A-3 and A-4, respectively. As indicated therein, revenues in excess of estimates amounted to \$131,293 while expenditures exceeded appropriations by \$39,951, resulting in a 1978-79 budget surplus of \$91,342.

Special Revenue Funds

Balance Sheet	Exhibit B-1
Statement of Revenues, Expenditures and Changes in Fund Balances	Exhibit B-2

FINANCIAL STATEMENTS

A balance sheet of all the special revenue funds is presented in Exhibit B-1. These funds include the federal projects funds, school lunch program fund, and the student activity funds. The special revenue fund balances totaled \$58,344 at June 30, 1979. A statement of revenues, expenditures and changes in fund balances is contained in Exhibit B-2.

Trust and Agency Funds

Balance Sheet	Exhibit C-1
Statement of Revenues, Expenditures and Changes in Fund Balances	Exhibit C-2

A balance sheet of the trust and agency funds is presented in Exhibit C-1. A statement of revenues, expenditures and changes in fund balance is contained in Exhibit C-2. The total fund balances amounted to \$94,900 at June 30, 1979.

Debt Service Fund

Balance Sheet	Exhibit D-1
Statement of Revenues, Expenditures and Changes in Fund Balance	Exhibit D-2

A balance sheet of the debt service fund is presented in Exhibit D-1. A statement of revenues, expenditures and changes in fund balance is contained in Exhibit D-2. The School District paid \$309,722 for principal and \$166,930 for interest payments for the current year redemption of bonds and notes.

General Long-Term Debt Group of Accounts

Balance Sheet	Exhibit E-1
Statement of School Debt Service Requirements	Exhibit E-2

A balance sheet of the general long-term debt of the School District is contained in Exhibit E-1. The long-term debt amounted to \$2,743,056 at June 30, 1979. A statement of annual debt service requirements is contained in Exhibit E-2.

GENERAL COMMENTS

Overdraft of Appropriations and Application of Municipal Budget Law

As indicated by the general fund statement of appropriations and expenditures, there was a net overdraft of budgetary appropriations totaling \$39,951 for the 1978-79 fiscal year.

The provisions of the State of New Hampshire Municipal Budget Law (R.S.A. 32:10a) require that when circumstances arise during the year which make it necessary to expend money in excess of an appropriation, which may result in an overexpenditure of the total amount appropriated, the school board, upon application to the State Board of Education, may be given authority to make such expenditure.

In a communication from the State of New Hampshire Department of Education, dated August 28, 1978, the status of State support for education of handicapped children for 1978-79 was explained as follows:

GENERAL COMMENTS

“H.B. 16 has become law and is identified as Chapter 30 of the laws of 1978. It amends Chapter 186-A of the Revised Statutes Annotated, which deals with the education of handicapped children. The new legislation was effective July 1, 1978. It includes an appropriation of \$2,889,671 as State support for special education for the 1978-79 fiscal year.

Section 8 of the act reads as follows:

Funds Application. Notwithstanding any other provision of law to the contrary, the local school districts are specifically authorized to apply for and expend such state aid to which they are entitled in accordance with the provisions of this act without authorization by a school district meeting.

We construe this to mean that if it is necessary to do so, a school district may, during 1978-79, spend more than was originally voted as the total school district appropriation for this year. The additional spending may not, however, exceed the amount which the district receives as its share of the \$2,889,671 appropriated as state support under the provisions of Chapter 30."

The amount of State revenues in 1978-79 for education of handicapped children was \$41,247. Inasmuch as the total net overdraft of budgetary appropriations was \$39,951, the District has complied with the municipal budget law in connection with the provisions of Chapter 186-A of the Revised Statutes Annotated, dealing with the education of handicapped children as outlined above.

Very truly yours,
Killion, Plodzik & Sanderson

/crs

SCHOOL WARRANT

MARCH 7, 1980

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School District of the Town of Hudson in the County of Hillsborough and State of New Hampshire, qualified to vote upon District Affairs:

YOU ARE HEREBY NOTIFIED TO MEET AT THE MEMORIAL SCHOOL IN SAID DISTRICT ON FRIDAY, THE 7TH DAY OF MARCH, 1980, AT 7:00 P.M. TO ACT UPON THE FOLLOWING SUBJECTS:

1. To see if the District will authorize the purchase of departmental equipment of a lasting character consisting of twenty diesel powered school buses and to appropriate the sum of \$530,000 or such greater or lesser amount as may be determined, for such purpose, said sum to be raised by the issuance of bonds or notes under and pursuant to the Municipal Finance Act. (Recommended by the Budget Committee)
2. To see if the District will vote to raise and appropriate the sum of \$2,510,870 to fund all cost items relating to teachers' salaries and benefits for the 1980-81 school fiscal year, \$190,975 of such sum representing the cost of those additional salaries and benefits offered to teachers by the School Board in bargaining sessions. (Recommended by the Budget Committee)
3. To see if the District will vote to raise and appropriate the sum of \$184,015 to fund all cost items relating to custodians' salaries and benefits for the 1980-81 school fiscal year, -0- of such sum representing the cost of those additional salaries and benefits offered to custodians by the School Board in bargaining sessions. (Recommended by the Budget Committee)
4. To see what sum of money the District will vote to raise and appropriate for the support of schools for the payment of salaries and benefits for school district officials and agents other than benefits and salaries payable to teachers and custodians, and for the payment of statutory obligations of the District.
5. To see if the District will vote to raise and appropriate the sum of \$55,500 to correct the severe drainage and erosion problem caused by the runoff from the Dr. H. O. Smith School playground to the properties owned by the Arthur Shepherd family and adjacent neighborhood. (Recommended by the Budget Committee)
6. To see if the District will vote to raise and appropriate the sum of \$34,967 to implement energy savings measures recommended by the Energy Advisory Committee. (Recommended by the Budget Committee)
7. To see if the District will vote to raise and appropriate the sum of \$1,500 to do a feasibility study to determine the continued use of the Kimball Webster School. (Recommended by the Budget Committee)

8. To see if the District will vote to direct the School Board to deposit all unexpended balances and all unanticipated revenues, not to exceed \$20,000, remaining at the end of the 1980 fiscal year, in the Alvirne High School Athletic Field Capital Reserve Fund. (Recommended by the Budget Committee)
9. To see if the District will vote to appropriate as a supplemental appropriation for the 1979-80 school year the \$80,000 that has or will be received from the Alvirne Charitable Corporation to the Alvirne Athletic Field Capital Reserve Fund. (Recommended by the Budget Committee)
10. To see if the District will authorize the School Board to make application for, receive, and expend in the name of the District such advances, grants in aid or other funds or property for educational purposes as may now or hereafter be forthcoming from the United States Government, the State of New Hampshire or any other federal, state or private agency.
11. By petition of James J. Harmon, Gerard H. Bergeron, Blanche Z. Bergeron, and others to see if the School District will vote to combine the school election with the town election pursuant to New Hampshire statutes annotated.

GIVEN UNDER OUR HANDS AT SAID HUDSON THIS 20TH DAY OF FEBRUARY, 1980.

TOWN WARRANT

THE TOWN OF HUDSON THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Hudson in the County of Hillsborough in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Hudson Lions Club Hall, in said Hudson, on Tuesday, March 11, 1980, to elect Town Officers for the ensuing year and to vote by ballot on the following referendum questions:

1. Are you in favor of increasing the Board of Selectmen to five members?
(By Petition) YES NO
2. Shall we adopt the provisions of RSA 654:34-a, permitting applications for changes in party affiliation to be made with the Town Clerk?
(By the Selectmen) YES NO
3. Do you favor the continuation of the Town Manager Plan as now in force in this town?
(By Petition) YES NO

ZONING REFERENDUM QUESTIONS

1. Are you in favor of the adoption of Amendment No. 1 as proposed by petition of the voters for this town?
(Approved by the Planning Board) YES NO

DESCRIPTION: The proposed amendment removes the minimum foundation area of 2,500 square feet for apartment buildings (Article X, Section 3, Zoning Ordinance).

2. Are you in favor of the adoption of Amendment No. 2 as proposed by petition of the voters for this town?
(Approved by the Planning Board) YES NO

DESCRIPTION: The proposed amendment would remove the separate local building code requirements for apartment buildings passed as Article 7, 1970 town meeting; apartment construction would continue to be governed by the National Building code.

3. Are you in favor of the adoption of Amendment No. 3 as proposed by petition of the voters for this town?
(Approved by the Planning Board) YES NO

DESCRIPTION: The proposed amendment would rezone the general area of James Way, off Musquash Road, from rural and A-2 to entirely A-2. Lots affected are lots 60-68 on Tax Map 11 and Lots 105-107 on Tax Map 8.

4.

Are you in favor of the adoption of Amendment No. 4 as proposed by petition of the voters of this town?
(Approved by the Planning Board)

YESNO

DESCRIPTION: The proposed amendment changes Article III of the Zoning Ordinance to remove "Miscellaneous Business Offices and Professional Services", and "Other Religious Purposes" (other than churches) from the A-1 and A-2 zones.
5.

Are you in favor of the adoption of Amendment No. 5 as proposed by petition of the voters for this town?
(Approved by the Planning Board)

YESNO

DESCRIPTION: The proposed amendment adds a Section 7 to Article IV of the Zoning Ordinance, controlling size and number of signs for home occupations.
6.

Are you in favor of the adoption of Amendment No. 6 as proposed by petition of the voters for this town?
(Approved by the Planning Board)

YESNO

DESCRIPTION: The proposed amendment revises the Home Occupation section of Article III of the Zoning Ordinance to add clarity to the size and extent permitted for home occupations.
7.

Are you in favor of the adoption of Amendment No. 7 as proposed by petition of the voters for this town?
(Approved by the Planning Board)

YESNO

DESCRIPTION: The proposed amendment deletes Article V (Off Street Parking) of the Hudson Zoning Ordinance, and replaces it with a Comprehensive Off Street Parking section (new Article V).which includes design standards, size and location of spaces, greenbelt provisions, etc.
8.

Are you in favor of the adoption of Amendment No. 8 as proposed by the Planning Board?
(Approved by the Planning Board)

YESNO

DESCRIPTION: The proposed amendment changes Article XII of the Zoning Ordinance to increase the penalty for the zoning violations from \$10/day to \$100/day.

The following articles of the Warrant are to be taken up on Saturday, March 15, 1980, at the Hudson Memorial School Auditorium in said Hudson at 9:00 A.M.:

1.

To see if the Town will vote to authorize the purchase of approximately one hundred seventy two (172) acres of land, with the buildings and structures thereon, (the so-called "Friary"), on the Lowell Road, Hudson, New Hampshire. (By Petition) (Not approved by the Budget Committee)
2.

To see if the Town will vote to raise and appropriate, if Article #1 is passed, the sum of \$3,000 to expedite and assist in preparing a Feasibility Study, such study to conclude whether or not any structures and land should be recommended for sale by Town Meeting, 1981, or sooner. (By Petition) (Not approved by the Budget Committee)

3. To see if the Town will vote to raise and appropriate a sum not to exceed Two Million Two Hundred Seventy Thousand Dollars (\$2,270,000.00). to be used for the purchase of approximately 172 acres of land, with the buildings thereon, on the Lowell Road, Hudson, New Hampshire, said sum, if necessary, to be raised by the issuance of serial bonds or notes under and in compliance with the provisions of the Municipal Finance Act, RSA, Chapter 31, as amended, and to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon and to take such other action as may be necessary and proper to effect the issuance, negotiation, sale and delivery of such bonds or notes as shall be in the best interest of the Town of Hudson; and to authorize the Selectmen to apply for, except and expend such federal funds or grants as may be available from the Land and Water Conservation Fund or from any other federal agencies or programs, and such state or private grants or funds as may be available for the purchase of said real estate, utilizing any such grants or funds to reduce the funds to be raised and appropriated hereunder as may be determined by the Selectmen; or to take any other action relative thereto. (By Petition) (Not approved by the Budget Committee)

4. To see if the Town will vote to raise and appropriate, if Article #1 is approved and passed, the sum of Ten Thousand (\$10,000.00) Dollars; and to authorize the Selectmen: (a) to use a part of said sum as an earnest money deposit for the purchase of said real estate, and; (b) to enter into an agreement with the owners of said real estate upon such terms and conditions as the Selectmen may deem most appropriate and in the best interests of Hudson and; (c) to further authorize the Selectmen to utilize a part of said funds for expenses such as appraisals, surveying, title examinations, building inspections, or for such other purposes as to the Selectmen may seem most appropriate, all to effectuate the purchase by the Town of said real estate. (By Petition) (Not approved by the Budget Committee)

5. To see if the Town will vote to raise and appropriate a sum of \$790,000.00 for the purpose of constructing the proposed Hudson Library Addition, as defined in a set of plans authorized by action of the March 14, 1978 Town Meeting, such sum to be raised by the issuance of Serial Bonds or Notes not to exceed \$790,000.00 under, and in compliance with, the provisions of the Municipal Finance Act. (N.H. RSA 33:1 et seq., as amended); and to authorize the Selectmen to issue and negotiate such bonds or notes, and to determine the rate of interest thereon, and to take such other actions as may be necessary to effect the issuance, negotiation, sale and delivery of such bonds or notes as shall be in the best interest of the Town of Hudson; and to allow the Selectmen and/or the Library Trustees to apply for, accept, and expend such federal funds or grants as may be available from federal agencies or programs, and such state or private grants or funds as may be available for the project, utilizing and such grants or funds to reduce the funds to be raised and appropriated hereunder as may be determined by the Selectmen; or to take any other action relative thereto. (By Petition) (Approved by the Budget Committee)

6. To see if the Town will vote to raise and appropriate an additional sum of \$300,000.00 to reconstruct Derry Street from the vicinity of Highland Street to the vicinity of Elm Avenue, and to raise said sum by the issuance of serial bonds or notes under, and in compliance with the provisions of the Municipal Finance Act, New Hampshire Revised Statutes Annotated, Chapter 33, as amended, and to authorize the Selectmen to issue and negotiate such bonds or notes, and to determine the rate of interest thereon, and to such other actions as may be necessary to effect the issuance,

negotiation, sale and delivery of such bonds or notes, as shall be in the best interest of the Town. Said sum in part of the Town's share of the estimated \$3,000,000.00 Federal-aid highway project. (By Petition) (Budget Committee approved \$125,000 to cover inflation)

7. To see if the Town will vote to raise and appropriate the sum of \$300,000 for the proposed resurfacing of streets throughout the Town of Hudson, New Hampshire and also to authorize the Selectmen to raise this sum under the Municipal Finance Act as bonds or notes or any other action they may deem to be in the best interests of the Town. This amount is to be used to complete as many streets as possible that are in need subject to the Board of Selectmen's discretion. (By Selectmen) (Approved by the Budget Committee)

8. To see if the Town will vote to raise and appropriate the sum of \$250,000.00 to design and construct various drainage projects throughout Town, and to raise said sum by the issuance of serial bonds or notes under, and in compliance with, the Municipal Finance Act, New Hampshire Revised Statutes Annotated, Chapter 33:1, as amended, and to authorize the Selectmen to issue and negotiate such bonds or notes, and to determine the rate of interest thereon, and to take such other actions as may be necessary to effect the issuance, negotiation, sale and delivery of such bonds or notes, as shall be in the best interest of the Town.

Note: Upon recommendation of the Town Engineer and the Road Agent, the Board of Selectmen may add or delete projects from the following Project List, pending availability of funds:

Project List

- Alvirne Estates Drainage Project, Phase I
 - Belknap Road Drainage Project (at Central Street)
 - Burns Hill Road Shoulder Stabilization Project
 - Burnham Road Drainage Project (at former Railroad R.O.W.)
 - Bush Hill Road Culvert Project
 - Cottonwood Drive Drainage Project (Northwest Section)
 - County Road/Belknap Road Drainage Project
 - Cutler Road Drainage Project (at NH Route 102)
 - Gibson Road Drainage Project (Southeast of Hawkview Rd.)
 - Gowing Road Culvert Extension (East of Winding Hollow Road)
 - Melendy Road Drainage Project (near Greentrees Drive)
 - Old Derry Road Culvert Project (West of Greeley Street)
 - Pelham Road Drainage Project (East of Melendy Road)
 - Phillips Drive Drainage Project
 - School Street Drainage Project (at the Webster School)
- (By Selectmen) (Not approved by the Budget Committee)

9. To see if the Town will vote to raise and appropriate \$160,000 for the design, construction and purchase of right-of-way, if necessary, for the reconstruction of West Road from NH Route 102 to the vicinity of the landfill access road and also to authorize the Selectmen to raise this sum under the Municipal Finance Act as bonds or interests of the Town. (By Selectmen) (Not approved by Budget Committee)

10. To see if the Town will vote to raise and appropriate such sums of money as may be necessary to defray Town charges for the ensuing year. (By Selectmen)

11. To see if the Town will vote to accept numerous bequests as Trust Funds, the income to be used for the perpetual care of the various cemetery lots. (By Selectmen)

12. To see if the Town will vote to authorize the Selectmen to pledge the credit of the Town in anticipation of taxes, said amount not to exceed the amount of the previous year's taxes, committed to the tax collector for collection. (By Selectmen)

13. To see if the Town will vote to authorize and empower the Selectmen to sell and convey at public auction, or advertised sealed bids, any or all real estate acquired by the Town for unpaid taxes, pursuant to RSA 80:42, as amended in 1977. (By Selectmen)

14. To see if the Town will vote, pursuant to Chapter 42 of the 1979 Laws, to authorize the Board of Selectmen to apply for, accept and expend, without any further action by the Town Meeting, funds or grants from State, Federal or other governmental units or from any private sources, which become available during the fiscal year; subject however to the following restrictions:

(1) Such funds or grants may only be used for legal purposes for which a Town may appropriate money; (2) The Selectmen are required to hold a prior Public Hearing on any action to be taken in connection with said funds or grants; and (3) Said funds or grants may not require the expenditure of other Town funds; or take any other action relative thereto. (By Selectmen)

15. To see if the town will authorize the selectmen to issue a quitclaim deed to the present owners of Benson's Animal Farm for the Town's interest in an abandoned electric railway which traverses their property, for an amount not less than the accrued taxes, interest, and costs. (By Selectmen)

16. To see if the town will vote to authorize the selectmen to issue quitclaim deeds for the following pieces of property acquired by tax Collector's deed back to the original owners for amounts not less than all accrued taxes, interest and cost:

WJW Incorporated — 10 River Rd. Map & Lot 002-001

Donald E. & Barbara Grant — 62 River Rd. Map & Lot 005-002

Joseph Mahoney — 4 Ruskin Ave. Map & Lot 058-028

Gerard E. & Patricia Lemay — 10 Gambia St. Map & Lot 054-004

(By Selectmen)

17. To see if the Town will vote to authorize the Selectmen, acting on behalf of the Town, to execute and deliver a quitclaim deed to Wagner Building Enterprises, Inc., a New Hampshire corporation with a principal place of business on Robinson Road in said Hudson, conveying the following premises:

The "Susan Cutter Lot near Musquash", and described in a Tax Collector's Deed dated October 26, 1943, recorded in the Hillsborough County Registry of Deeds, Volume 1070, Page 182, upon payment of all taxes, interests and costs still due and owing to the Town of Hudson on said premises. (By Selectmen)

18. To see if the Town will vote to authorize the Selectmen, acting on behalf of the Town, to execute and deliver a Quitclaim Deed to Ernest O. Paradise and Dolores Paradise, husband and wife, of 12 Gambia Street, Hudson, New Hampshire, conveying the following premises:

A certain tract or parcel of land with the buildings thereon situated on the southerly side of Gambia Street in Hudson, Hillsborough County, New Hampshire, and being shown as Lots 13 and 14 on a plan of land entitled, "Kenyon Terrace Hudson, N.H. Smith Realty Co. Scale 1 in. = 50 ft. Sept. 1914" by E. N. Sheffield, C.E., recorded at Hillsborough County Register of Deeds as Plan 407.

upon payment of all taxes, interests and costs still due and owing to the Town of Hudson on said premises. (By Selectmen)

19. To see if the town will vote to create the position of fulltime assessor with an annual salary not to exceed \$20,000. (By Selectmen) (Approved by the Budget Committee)

20. To see if the Town will vote to increase the annual salary of the Town Clerk/Tax Collector from \$11,500 to \$14,000, and the Treasurer from \$2000 to \$2200. (By Selectmen) (\$2700 approved by Budget Committee)

21. To see if the Town will vote to rescind action taken on Article 12 at the 1978 annual town meeting requiring that all increases in Town personnel and wage increases be in article form. (By Selectmen)

22. To see if the Town will vote to raise and appropriate the sum of \$25,000 for the purpose of securing right-of-way for the Wason Road Relocation Project. (By Selectmen) (Approved by Budget Committee)

23. To see if the Town will vote to raise and appropriate the sum of \$40,000 for the purchase of a new dump truck with a basin cleaner attachment; to be used in the Sanitary Sewer and Drains Department. This truck would replace a 1964 model now in use. (By Selectmen) (\$36,000 approved by Budget Committee)

24. To see if the Town will vote to raise and appropriate the sum of \$6,300 for the purchase of a new ½ ton pickup for the Road Agent to replace a 1970 pickup now in use. (By Selectmen) (Not approved by Budget Committee)

25. To see if the Town will vote to raise and appropriate the sum of \$54,000 for the purchase of a new street sweeper for the Highway Department. (By Selectmen) (Not approved by Budget Committee).

26. To see if the Town will vote to raise and appropriate the sum of \$11,500 for the purchase of a tag along trailer. This trailer would be used to transport equipment to and from job sites and repair shops. The Town does not own a trailer at this time. (By Selectmen) (Not approved by Budget Committee)

27. To see if the Town will vote to raise and appropriate the sum of \$16,000 for the purchase of two (2) sander units to replace worn-out units. These units should help the Highway Department continue to decrease the amount of salt used. (By Selectmen) (Approved by Budget Committee)

28. To see if the Town will vote to abandon, subject to approval by the Board of Selectmen and the Planning Board, part of Tolles Street as shown in a plan prepared by Thomas F. Moran, R.L.S. and to be recorded in the Hillsborough County Registry of Deeds by the Town Engineer. (By Selectmen)

29. To see if the Town will vote to accept the following roadways:

1. Holly Lane
2. Winding Hollow Road

(By Selectmen)

30. To see if the Town will vote to authorize the position of the Mapping Clerk, and appropriate \$7500 for the position, which has previously been funded by CETA funds. (By Selectmen) (\$7500 approved by Budget Committee)

31. To see if the Town will vote to raise and appropriate the sum of \$19,500 to modify the Central Street/Burnham Road intersection. (By Selectmen) (\$12,000 approved by Budget Committee)

32. To expend \$10,000 for the construction of a ballfield on the Burns Hill Rd. landfill site and to authorize the Selectmen to apply for, accept, and expend Federal Land & Water Conservation Fund assistance to the extent of 50% reimbursement of the development costs. (By Selectmen) (Approved by Budget Committee)

33. To see if the Town will vote to allow a Trailer Court in accordance with the restrictions of Article V of the Zoning Ordinance of the Town of Hudson to allow conversion of the Tuckaway Campground to an Adult Mobile Home Court. (By Petition)

34. To see if the Town will vote to build a Fire Station in the Southerly section of the Town. The location, type, and size suitable to be established by the Selectmen and the Fire Department, and for this purpose raise and appropriate a sum not to exceed \$85,000.00 and also authorize the Selectmen to raise this sum under the Municipal Finance Act as bonds or notes or any other action they may deem to be in the best interests of the Town. (By Petition) (Approved by Budget Committee)

35. To see if the Town will vote to change the Personnel Policies of Town Employees as follows:

VACATION:

Every full time employee, after one full year of service, including the six month trial period, shall be entitled to one week paid vacation. Between two and five years of service, shall be entitled to two weeks paid vacation. Between five and ten years of service, three weeks of paid vacation.

Vacation time shall not be cumulative and may not be carried over from one calendar year to another, except by special approval of the Department Head.

Anyone having a paid vacation will have to get approval from the Department Head as to when they are going to take their vacation. (By Petition)

36. To see if the Town will vote to raise and appropriate the sum of \$17,000.00 to provide the Town's share of the Sherburne Road project (State Highway Project No. S-2815).

Note: Total project cost is estimated to be \$951,000, to be shared as follows:

State: \$634,000

Pelham: \$300,000

Hudson: \$ 17,000

Any increase in the estimated cost will be absorbed by the State. In addition the State is planning to fund, at no cost to the Town, a \$30,000. construction project at the Dracut Road/Sherburne Road intersection. After construction, the State will accept maintenance responsibility of Sherburne Road. (By Petition) (Approved by Budget Committee)

37. To see if the Town will vote to raise and appropriate \$60,000 for the preparation of a Facilities Plan, and to authorize the Selectmen to apply for, accept, and expend such Federal or State funds as may be available. Note: The estimated project cost will be funded thus: Federal share - \$45,000; State share - \$12,000; Town share - \$3,000. (By Petition) (\$3000 approved by Budget Committee)

38. To see if the Town will authorize the Town Manager to hire a civil engineer, having or able to achieve E.I.T. status per RSA 319, and to raise and appropriate \$5,000 therefor. (By Petition) (\$18,500 approved by Budget Committee)

39. Are you in favor of electing the members of the Planning Board of the Town of Hudson, N.H. as allowed in R.S.A. 36:4, (By Petition)

40. To see if the Town will vote to raise and appropriate \$7,500 to upgrade a portion of Trigate Road. (By Petition) (Not Approved by Budget Committee)

41. To see if the Town will vote to appropriate the sum of \$3,712 increase the salary of the Building Inspector from \$13,298 to \$17,000. (By Petition) (Not approved by Budget Committee)

42. To see if the town will vote to raise and appropriate a sum of money, not to exceed \$17,000. per annum, the purpose of such monies shall be to hire a full time recreation director whose duties shall be to replace all of the various program directors that the recreation committee now employs on a part time basis and implement the policies of the recreation committee and to oversee the operation of the Robinsons Pond recreation area and other duties that shall be assigned by the recreation committee. (By Petition) (\$9300 approved by Budget Committee)

43. To see if the Town will vote to authorize the payment of \$1500.00 to the Family Fair and Home Weekend Committee for their use in this project. (By Petition) (Approved by Budget Committee)

44. To see if the town will vote to authorize the selectmen to hire two full-time police officers, for the purpose of increasing the size of the Detectives Division to a total of three, and to raise and appropriate the sum of \$32,310. (By Petition) (Not approved by Budget Committee)

45. To see if the Town will vote to require written permits issued by the Fire Department on all installations of Wood and Coal burning appliances, installed after the 1980 Annual Town meeting.

- A. Said Wood and Coal burning appliances not to be used until checked by Fire Department.
- B. The appliances to be installed according to manufacturer's specifications and as approved by New Hampshire Fire Marshall and Fire Department rules and regulations.
- C. Permits will be issued free of charge.
- D. Any person, firm, or corporation violating the provisions of this regulation, shall be deemed guilty of a misdemeanor, and shall be punished by a fine of not more than \$25.00 as may be determined by Municipal Court. (By Petition)

46. To see if the Town will vote to authorize the Conservation Commission to retain the unexpended portion of its 1979-1980 appropriation, said funds to be placed in a special Conservation fund in accordance with RSA 36-A:5. (By Petition)

47. To see if the Town will vote to raise and appropriate the sum of \$4,400.00 to purchase seven electric overhead door closers for the Fire Department's main apparatus doors. (By Petition) (Approved by Budget Committee)

48. To see if the town will appropriate a sum not to exceed Nine Hundred Dollars (\$900) to erect a five (5) foot chain link fence approximately one hundred fifty (150) feet long on the northeast boundry of the Youth Center property on Oakwood Street. (By Petition) (Approved by Budget Committee)

49. To see if the Town will vote to hold its Annual Town Meeting and Election of Officers on the second Tuesday in May instead of the second Tuesday in March in accordance with RSA 39:1-a. (By Petition)

50. To see if the Town will vote to authorize the Town Clerk/Tax Collector to hire all required clerical personnel, and their rates of pay shall be at the Town Clerk/Tax Collector's discretion. Such clerical personnel including the Town Clerk/Tax Collector shall be placed on the Town payroll and be entitled to all fringe benefits granted to other town clerical employees. Any raises granted to this personnel will be in accordance with the guidelines voted for other clerical town employees. This article shall remain in effect until rescinded at a future annual town meeting. (By Petition)

51. To see if the Town will vote to hire one additional Firegghter, EMT-A to start work January 5, 1981 and for this purpose raise and appropriate the sum of \$7,500.00. (By Selectmen) (Approved by Budget Committee)

52. To see if the town will vote to authorize the Selectmen to withdraw the amount of \$162,963 from Revenue Sharing Funds to defray the cost of hydrant rental. (By Selectmen)

53. To see if the Town will vote to adopt an ordinance to be known as a CONFLICT OF INTEREST ORDINANCE for the guidance of elected or appointed officials, and employees of the Town as published elsewhere in this report.

Given under our hands and seals this 18th day of February in the year of our Lord Nineteen Hundred and Eighty.

George A. Arris
Leon F. Malouin, Jr.
John P. Lawrence
Selectmen of Hudson, N.H.

A True Copy of Warrant—Attest:

George A. Arris
Leon F. Malouin, Jr.
John D. Lawrence
Selectmen of Hudson, N.H.
